at 6:30 p.m., at the***

**Parker Water & Sanitation District  
North Water Reclamation Facility  
18100 E Woodman Drive  
Parker CO 80138**

***May 2nd, 2013***

**This is a PUBLIC MEETING to discuss the *WISE Partnership* project.**

Parker Water and Sanitation District's Board of Directors invites the public to attend a presentation about the WISE Partnership and the potential for PWSD's involvement in the project. The WISE (Water Infrastructure & Supply Efficiency) Partnership is a regional water supply project between Aurora Water, Denver Water and South Metro Water Supply Authority to combine available water supplies and system capacities to create a sustainable, new water supply for the South Metro area and a drought supply for Denver Water. PWSD is a member of the South Metro Water Supply Authority.

Through WISE, Aurora Water and Denver Water will provide fully treated water to South Metro for distribution to participating members on a permanent basis. The WISE Partnership is one of the first of its kind in the country and will bolster water supplies to the South Metro area while maximizing the use of existing water assets belonging to Aurora and Denver Water.

At this meeting, the PWSD Board of Directors will be discussing participating in the WISE Partnership and we would welcome the community's input.
