

Air Pollution Control Division

Notice of a Proposed Project or Activity Warranting Public Comment

Website Title: Flexential Corporation - Compark Data Center - Douglas County

Notice Period Begins: November 20, 2023

Notice is hereby given that an application for a proposed project or activity has been submitted to the Colorado Air Pollution Control Division for the following source of air pollution:

Applicant: Flexential Corporation
Facility: Compark Data Center
Data center
8636 S. Peoria St., Englewood
Douglas County

The proposed project or activity is as follows: The applicant is requesting a permit for four existing emergency generator engines and is proposing to construct six additional emergency generator engines

The Division has determined that this permitting action is subject to public comment per Colorado Regulation No. 3, Part B, Section III.C due to the following reason(s):

- the source is requesting a federally enforceable limit on the potential to emit in order to avoid other requirements

The Division has made a preliminary determination of approval of the application.

A copy of the application, the Division's analysis, and a draft of Construction Permit 21DG0377 are available on the Division's website at <https://www.colorado.gov/cdphe/air-permit-public-notice>

The Division hereby solicits submission of public comment from any interested person concerning the ability of the proposed project or activity to comply with the applicable standards and regulations of the Commission. The Division will receive and consider written public comments for thirty calendar days after the date of this Notice. Comments may be submitted using the following options:

- Use the web form at <https://www.colorado.gov/cdphe/air-permit-public-notice>. This page also includes guidance for public participation
- Send an email to cdphe_apcd_airpermitcomments@state.co.us
- Send written comments to our mailing address:
