#### **Canterberry Crossing Metropolitan District**

8390 East Crescent Parkway, Suite 300 Greenwood Village, CO 80111-4974 303-779-5710

September 1, 2022

Michelle Kivela, Town Administrator Town of Parker 20120 East Mainstreet Parker, CO 80138

Re: Canterberry Crossing Metropolitan District 2021 Annual Report

Dear Ms. Kivela:

Pursuant to the Service Plan for Canterberry Crossing Metro District (the District), approved by the Town of Parker (the Town) on March 4, 1996, as modified by that certain Modified Service Plan for the District, approved by the Town in April 1997, and as further modified by that certain Second Modified Service Plan for the District, approved by the Town on June 4, 2001 (collectively, the Service Plan), the District submits the following documents and information to the Town for report year 2021:

- (a) <u>Annual District Budget</u>: the District's 2022 Budget is enclosed;
- (b) A report of what improvements have been completed by the District in the prior fiscal year and the District's plans for completion of improvements in the present fiscal year: All improvements are completed and have been dedicated to other entities.
- (c) <u>Annual Audited Financial Statements of the District</u>: the District's 2021 Audited Financial Statements are enclosed;
- (d) <u>Total Debt Authorized and Total Debt Issued</u>: the Service Plan limits the debt that the District can issue to \$11,000,000.

At elections held on May 7, 1996 and November 5, 1996 (the Elections), District voters approved the issuance of \$11,000,000 in aggregate principal amount of general obligation debt to finance costs of acquiring, installing, constructing, and equipping public improvements, and an additional \$12,500,000 for the purpose of refunding debt.

Following the issuance of the District's \$1,320,000 General Obligation Refunding Bonds, Series 2016A (the 2016A Bonds), and the District's \$8,245,000 General Obligation Refunding Bonds (Taxable Converting to Tax-Exempt), Series 2016B (the 2016B Bonds, and together with the 2016A Bonds, the 2016 Bonds), the District has no remaining voter authorized but unissued indebtedness available for the purpose of financing public

improvements, and \$2,725,000 in remaining authorization for purposes of refunding debt.

(e) Names and terms of members of the Board of Directors and officers:

<u>Name</u>	Office	<u>Term</u>
Michael Young	President	5/2025
Vacant		5/2025
Vacant		5/2023
Vacant		5/2023
Vacant		5/2023

- (f) Rules and Regulations of the District: the District has not adopted Rules and Regulations;
- (g) <u>Current Intergovernmental Agreements</u>: copies of the following agreements were previously submitted to the Town and, as such, are not enclosed with this Annual Report. If the Town would like additional copies, please contact me, and copies will be provided:
  - Management Agreement between the District, Canterberry Crossing Metropolitan District II and Canterberry Crossing Master Association dated May 2002, and amended May 15, 2007; and
  - Reciprocal Easement Agreement between the District, Canterberry Crossing Metropolitan District II, The Villages of Parker Master Association, Inc. and Shoshone Investments I, LLC, dated May, 2002;
- (h) <u>Current documentation of credit enhancements (letter of credit) (if any)</u>: at issuance, the District's 2016A Bonds were "A" rated by Standard and Poor's. The District has not received notification that the "A" rating has changed. The District does not have credit enhancements, such as a letter of credit.
- (i) <u>Disclosure documents for current outstanding bonded indebtedness, if available</u>: The Continuing Disclosure Undertaking for the 2016A Bonds requires the District to deliver its Annual Audited Financial Statements, and certain other information enclosed in the Annual Audited Financial Statements (such as history of the District's mill levy), to the Electronic Municipal Market Access facility (EMMA) for municipal securities disclosure of the Municipal Securities Rulemaking Board (MSRB) no later than 270 days after the close of the fiscal year.

The District has delivered its Annual Audited Financial Statements to EMMA each year since the issuance of the 2016A Bonds.

The Official Statement for the District's 2016 Bonds is available upon request.

Canterberry Crossing Metro District Annual Report 2021 Page 2

- (j) Current approved Service Plan: the Service Plan for the District, approved by the Town of Parker (the Town) on March 4, 1996, as modified by that certain Modified Service Plan for the District, approved by the Town in April 1997, and as further modified by that certain Second Modified Service Plan for the District, approved by the Town on June 4, 2001 (collectively, the Service Plan) was previously submitted to the Town and, as such, are not enclosed with this Annual Report. If the Town would like additional copies, please contact me, and copies will be provided; and
- (k) Debt service schedule for any outstanding debt of the District at the time of filing: the debt service schedule for the District's 2016 Bonds is located on Page 21 of the District's 2021 Audited Financial Statements.

Additionally, and pursuant to the Service Plan:

- The District held its Annual Meeting for 2021 on February 18, 2021, via Microsoft Teams.
- Per the Town's annual report requirement and on behalf of the Board of Directors of the District, I certify that no action, event or condition enumerated in Section 10.11.060 of the Town of Parker, Colorado Municipal Code, as amended, has occurred in the 2021 report year.
- All public infrastructure constructed by the District has been dedicated to the Town or Parker Water & Sanitation District. The District also deeded certain common areas and/or improvements to The Villages of Parker Master Association, d/b/a Canterberry Crossing Master Association (the HOA).

Should you have any questions, please do not hesitate to contact me.

Sincerely,

#### Matt Urkoski

#### Services Provided

The District, a quasi-municipal corporation and a political subdivision of the State of Colorado, was organized by an amended order and decree of the District Court for Douglas County on June 28, 1996, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District operates under a Service Plan approved by the Town of Parker on March 4, 1996, as modified in 1997 and 2001. The District's service area is located in the Town of Parker, Colorado.

The District was established to provide for construction and financing for street, safety control, water, sanitation and park and recreation facilities and improvements. Upon completion and expiration of a warranty period, the street and safety control improvements were dedicated to and are maintained by the Town of Parker. Water and sanitation improvements were dedicated to and are maintained by the Parker Water and Sanitation District. Other improvements have been dedicated to and are maintained by The Village of Parker Master Association, Inc. d/b/a, Canterberry Crossing Master Association (the "Master Association"). The District, along with Canterberry Crossing Metropolitan District II, entered into an agreement with the Master Association in 2002 and amended in 2007 that further defines ownership and maintenance obligations.

On May 7, 1996, a majority of the qualified electors of the District authorized the issuance of \$5,500,000 in bonds for the purpose of construction of new improvements and \$7,000,000 in bonds for the purpose of refunding.

On November 5, 1996, the District's voters approved an additional \$5,500,000 in bonds for the purpose of constructing new improvements and \$5,500,000 in bonds for the purpose of refunding.

The District has no remaining authorized but unissued indebtedness for the purpose of constructing new improvements and the District had \$10,970,000 in authorized but unissued refunding debt before the 2016 refunding. Only the Series 2016B (\$8,245,000) refunding bonds used authorization thus leaving \$2,725,000 in authorized, but unissued refunding debt. Pursuant to the Modified Service Plan, dated April 1997, the District is subject to a limitation of \$11,000,000 in outstanding debt at any given point, not including debt issued for refunding bonds.

The District has no employees and all operations and administrative functions are contracted.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material

#### Revenues

#### **Property Taxes**

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November and December. The County Treasurer remits the taxes collected monthly to the District.

The calculation of the taxes levied is displayed on the property tax summary page of the budget at the adopted total mill levy of 19.000 mills.

#### **Specific Ownership Taxes**

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The forecast assumes the District's share will be equal to approximately 8% of the property taxes collected by the District. The District's specific ownership tax is committed to the Debt Service Fund.

#### Interest Income

Interest earned on the District's available funds has been estimated based on an average interest rate of approximately 0.25%.

#### **TABOR**

At elections held on May 7, 1996 and November 5, 1996, a majority of the District's electors authorized the District to collect and spend or retain in a reserve all ad valorem property taxes and fees of the District without regard to any limitations under TABOR.

#### **Expenditures**

Administrative and operating expenditures include the estimated services necessary to maintain the District's administrative viability such as legal, management, accounting, insurance, and other administrative expenses.

#### **County Treasurer's Fees**

County Treasurer's fees have been computed at 1.5% of property tax collections.

#### Expenditures - (continued)

#### **Debt Service**

The debt service expenditures are for principal and interest payments related to the Series 2016A General Obligation Refunding Bonds in the amount of \$1,320,000 and Series 2016B General Obligation Refunding Bonds (Taxable Converting to Tax-Exempt) in the amount of \$8,245,000 issued February 4, 2016. The proceeds of the Series 2016A and Series 2016B Bonds were used for refinancing of Series 2006 Bonds.

The Series 2016A Bonds bear interest at a rate of 4.00%. The bond interest is payable semi-annually on June 1 and December 1, beginning on December 1, 2016. Annual mandatory sinking fund principal payments are due on December 1 of each year beginning on December 1, 2035. The Series 2016A Bonds mature on December 1, 2036.

The Series 2016B Bonds bear interest at a rate of 3.06%. The bond interest is payable semi-annually on June 1 and December 1, beginning on December 1, 2016. Annual mandatory sinking fund principal payments are due on December 1 of each year beginning on December 1, 2017. The Series 2016B Bonds mature on December 1, 2034.

The Series 2016A and Series 2016B Bonds are subject to redemption prior to maturity at the option of the District on December 1, 2025 and on any date thereafter, at redemption price equal to the par amount thereof with no redemption premium.

#### **Debt and Leases**

The District's current debt schedule is attached. The District has no operating or capital leases.

#### **Independent Auditors' Report**

Board of Directors Canterberry Crossing Metropolitan District Douglas County, Colorado

#### **Opinions**

We have audited the accompanying financial statements of the governmental activities and each major fund, of the Canterberry Crossing Metropolitan District (the "District") as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Canterberry Crossing Metropolitan District as of December 31, 2021, and the respective changes in financial position and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Canterberry Crossing Metropolitan District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing an
  opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is
  expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matters**

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

#### **Supplementary Information**

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the District's financial statements as a whole. The supplementary information listed in the accompanying table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. The supplementary information is the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects in relation to the financial statements as a whole.

#### Other Information

Management is responsible for the continuing disclosure annual financial information included in the annual report. The continuing disclosure annual financial information comprises of the schedules as listed in the table of contents but does not include the basic financial statements and our auditor's report there on. Our opinions on the basic financial statements do not cover the continuing disclosure annual financial information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the continuing disclosure annual financial information and consider whether a material inconsistency exists between the continuing disclosure annual financial information and the basic financial statements, or the continuing disclosure annual financial information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the continuing disclosure annual financial information exists, we are required to describe it in our report.

Englewood, CO May 3, 2022

## CANTERBERRY CROSSING METROPOLITAN DISTRICT RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF THE GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES YEAR ENDED DECEMBER 31, 2021

Net Change in Fund Balances - Governmental Funds

\$ 191,112

Amounts reported for governmental activities in the statement of activities are different because:

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

#### NOTE 1 DEFINITION OF REPORTING ENTITY

Canterberry Crossing Metropolitan District (District), a quasi-municipal corporation and political subdivision of the State of Colorado, was organized by order and decree of the District Court for Douglas County on May 20, 1996, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District operates under a Service Plan approved by the Town of Parker on March 4, 1996, as modified in 1997 and 2001 (Modified Service Plan). The District's service area is located in the Town of Parker, Colorado. The District was established to provide for construction and financing for street, safety control, water, sanitation and park and recreation facilities and improvements. Upon completion and expiration of a warranty period, the street and safety control improvements were dedicated to and are being maintained by the Town of Parker. Water and sanitation improvements were dedicated to and are being maintained by the Villages of Parker Master Association, Inc. d/b/a Canterberry Crossing Master Association (HOA).

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements, which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

The District has no employees, and all operations and administrative functions are contracted.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

#### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The more significant accounting policies of the District are described as follows:

#### **Government-Wide and Fund Financial Statements**

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. The effect of interfund activity has been removed from these statements. Governmental activities are normally supported by taxes and intergovernmental revenues.

The statement of net position reports all financial and capital resources of the District. The difference between the sum of assets and deferred outflows and the sum of liabilities and deferred inflows is reported as net position.

#### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Government-Wide and Fund Financial Statements (Continued)**

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

#### Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes, and specific ownership taxes. All other revenue items are considered to be measurable and available only when cash is received by the District. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation is due.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term debt of the governmental funds.

The Capital Projects Fund is used to account for financial resources to be used for the acquisition and construction of capital equipment and facilities.

#### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Budgets**

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures level and lapses at year-end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

#### **Pooled Cash and Investments**

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash.

#### **Property Taxes**

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflow of resources in the year they are levied and measurable. The unearned property tax revenues are recorded as revenue in the year they are available or collected.

#### **Amortization**

#### Original Issue Discount/Premium

In the government-wide financial statements, bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

#### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Cost of Bond Refunding**

In the government-wide financial statements, the deferred cost of bond refunding is being amortized using the interest method over the life of the new bonds. The amortization amount is a component of interest expense and the unamortized deferred cost is reflected as a deferred outflow of resources.

#### **Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until that time. The District has one item that qualifies for reporting in this category. Accordingly, the item, cost of refunding, is being amortized using the interest method over the life of the bonds.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The District has one item that qualifies for reporting in this category. Accordingly, the item, deferred property tax revenue, is deferred and recognized as an inflow of resources in the period that the amount becomes available.

#### Equity

#### **Net Position**

For government-wide presentation purposes when both restricted and unrestricted resources are available for use, it is the government's practice to use restricted resources first, then unrestricted resources as they are needed.

#### Fund Balance

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

Nonspendable Fund Balance – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.

#### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Equity (Continued)**

#### Fund Balance (Continued)

Restricted Fund Balance – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.

Committed Fund Balance – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.

Assigned Fund Balance – The portion of fund balance that is constrained by the government's intent to be used for specific purposes but is neither restricted nor committed. Intent is expressed by the Board of Directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.

*Unassigned Fund Balance* – The residual portion of fund balance that does not meet any of the criteria described above.

If more than one classification of fund balance is available for use when an expenditure is incurred, it is the District's practice to use the most restrictive classification first.

#### NOTE 3 CASH AND INVESTMENTS

Cash and investments as of December 31, 2021, are classified in the accompanying financial statements as follows:

Statement of Net Position and Balance Sheet:

Cash and Investments	\$ 340,420
Cash and Investments - Restricted	 1,518,237
Total Cash	\$ 1,858,657

Cash and investments as of December 31, 2021, consist of the following:

Deposits with Financial Institutions	\$ 93,275
Investments	1,765,382
Total Cash and Investments	\$ 1,858,657

#### NOTE 3 CASH AND INVESTMENTS (CONTINUED)

#### **Deposits with Financial Institutions**

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2021, the District's cash deposits had a bank and carrying balance of \$93,275.

#### Investments

The District's formal investment policy is to follow state statutes regarding investments.

The District generally limits its concentration of investments to those noted with an asterisk (\*) below, which are believed to have minimal credit risk, minimal interest rate risk and no foreign currency risk. Additionally, the District is not subject to concentration risk or investment custodial risk disclosure requirements for investments that are in the possession of another party.

Colorado Revised Statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States, certain U.S. government agency securities and securities of the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Certain certificates of participation
- . Certain securities lending agreements
- . Bankers' acceptances of certain banks
- . Commercial paper
- Written repurchase agreements and certain reverse repurchase agreements collateralized by certain authorized securities
- . Certain money market funds
- . Guaranteed investment contracts
- \* Local government investment pools

#### NOTE 3 CASH AND INVESTMENTS (CONTINUED)

#### **Investments (Continued)**

As of December 31, 2021, the District had the following investments:

Investment	Maturity	Amount
CSAFE		\$ 1,345,039
Colorado Local Government Liquid	Weighted-Average	
Asset Trust (COLOTRUST)	Under 60 Days	 420,343
Total		\$ 1,765,382

#### **COLOTRUST**

The District invested in the Colorado Local Government Liquid Asset Trust (COLOTRUST) (the Trust), an investment vehicle established for local government entities in Colorado to pool surplus funds. The State Securities Commissioner administers and enforces all state statutes governing the Trust. The Trust operates similarly to a money market fund and each share is equal in value to \$1.00. The Trust offers shares in two portfolios, COLOTRUST PRIME and COLOTRUST PLUS+. Both portfolios may invest in U.S. Treasury securities and repurchase agreements collateralized by U.S. Treasury securities. COLOTRUST PLUS+ may also invest in certain obligations of U.S. government agencies, highest rated commercial paper and any security allowed under CRS 24-75-601. A designated custodial bank serves as custodian for the Trust's portfolios pursuant to a custodian agreement. The custodian acts as safekeeping agent for the Trust's investment portfolios and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by the Trust. COLOTRUST is rated AAAm by Standard & Poor's. COLOTRUST records its investments at fair value and the District records its investment in COLOTRUST at net asset value as determined by fair value. There are no unfunded commitments, the redemption frequency is daily, and there is no redemption notice period.

#### **CSAFE**

The District invested in the Colorado Surplus Asset Fund Trust (CSAFE) (the Trust), which is an investment vehicle established by state statute for local government entities to pool surplus assets. The State Securities Commissioner administers and enforces all state statutes governing the Trust. The Trust is similar to a money market fund, with each share valued at \$1.00. CSAFE may invest in U.S. Treasury securities, repurchase agreements collateralized by U.S. Treasury securities, certain money market funds, and highest rated commercial paper. A designated custodial bank serves as custodian for CSAFE's portfolio pursuant to a custodian agreement. The custodian acts as safekeeping agent for CSAFE's investment portfolio and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by CSAFE. CSAFE is rated AAAmmf by Fitch Ratings. CSAFE records its investments at amortized cost and the District records its investments in CSAFE at net asset value as determined by amortized cost. There are no unfunded commitments, the redemption frequency is daily, and there is no redemption notice period.

#### NOTE 4 LONG-TERM OBLIGATIONS

The following is an analysis of the changes in long-term obligations for the year ended December 31, 2021:

	_	Balance at ecember 31, 2020		Additions	В	eductions		Balance at ecember 31, 2021	Due Within One Year	
		2020		Additions		eductions		2021	One Year	
General Obligation Bonds										
Payable:										
2016A Bonds	\$	1,320,000	\$	-	\$	-	\$	1,320,000	\$	-
2016B Bonds		6,925,000		-		365,000		6,560,000		390,000
Bond Premium - 2016A		101,308		-		6,528		94,780		-
Total Bonds Payable	\$	8,346,308	\$		\$	371,528	\$	7,974,780	\$	390,000
rotal Bollao r ayablo	<u> </u>	0,010,000	<u> </u>		<u> </u>	07 1,020	<u></u>	1,011,100	<u> </u>	000,000

The details of the District's long-term obligations are as follows:

**\$1,320,000** of General Obligation Refunding Bonds (Series 2016A) dated February 4, 2016. The Series 2016A Bonds bear interest of 4.00% per annum payable, on June 1 and December 1. Mandatory principal payments are due on December 1, commencing on December 1, 2035, with final payment due on December 1, 2036. The Series 2016A Bonds are subject to optional redemption on December 1, 2025, and any date thereafter at a redemption price equal to the par amount of the Bonds plus accrued interest.

The Series 2016A Bonds are general obligations of the District, secured by a pledge of the full faith and credit of the District and payable from general ad valorem taxes which may be levied without limitation of rate and in an amount necessary to pay the bonds when due against all taxable property within the District.

**\$8,245,000** of General Obligation Refunding Bonds (Series 2016B) dated February 4, 2016. The Series 2016B Bonds bear interest of 3.06% per annum on and after the Tax-Exempt Reissuance Date and 4.70% prior to that date, payable on June 1 and December 1. Mandatory principal payments are due on December 1, with final payment due on December 1, 2034. The Series 2016B Bonds are subject to optional redemption commencing June 1, 2026 at a price equal to par plus accrued interest. Prior to June 1, 2026, the Series 2016B Bonds are subject to redemption at a price equal to the par amount, plus accrued interest, plus a Prepayment Fee. The Prepayment Fee is equal to the present value of the difference between (a) the amount that would have been realized by the Owner on the prepaid amount for the remaining term of the Bonds at the then-applicable interest rate and (b) the amount that would be realized by the Owner of the Series 2016B Bonds by reinvesting funds for the remainder term of the Series 2016B Bonds at the (i) then-current market swap rate plus (ii) a spread of 1.10%, in effect at the time of prepayment as determined by the Owner, both (a) and (b) discounted at the then-current market swap rate excluding the spread. If the present value is zero or negative, there is no Prepayment Fee.

The Series 2016B Bonds are general obligations of the District, secured by a pledge of the full faith and credit of the District and payable from general ad valorem taxes which may be levied without limitation of rate and in an amount necessary to pay the bonds when due against all taxable property within the District.

#### NOTE 4 LONG-TERM OBLIGATIONS (CONTINUED)

The District's long-term obligations will mature as follows:

For Year Ending December 31,	Principal Interest		Interest			Total			
2022	\$	390,000	•	\$	253,536	-	\$ 643,536		
2023		400,000			241,602		641,602		
2024	425,000		425,000				229,362		654,362
2025		435,000	,000		216,357		651,357		
2026		460,000			203,046		663,046		
2027-2031		2,605,000			792,309		3,397,309		
2032-2036		3,165,000			352,891	_	3,517,891		
Total	\$	7,880,000		\$	2,289,103		\$ 10,169,103		

At December 31, 2021, the District had no remaining authorized but unissued indebtedness for the purpose of constructing new improvements and \$2,725,000 of authorized but unissued debt for the purpose of refunding bonds.

Pursuant to the Modified Service Plan, the District is subject to a limitation of \$11,000,000 in outstanding debt at any given point, not including debt issued for refunding of bonds. Additionally, the Modified Service Plan limited the District's debt service mill levy to 35 mills, as adjusted for changes in methodology for determining valuation of taxable property for so long as the ratio of the District's debt to assessed valuation exceeded 50%. The Modified Service Plan provides that general obligation debt which is less than 50% of the District's assessed valuation, either on the date of issuance or at any time thereafter, the maximum debt service mill levy shall be such amount necessary to pay debt service, without limitation. Accordingly, there is no limitation on the District's debt service mill levy for the outstanding bonds.

#### NOTE 5 NET POSITION

Postrioted Not Position

The District has net position consisting of two components - restricted and unrestricted.

Restricted net position includes net position that is restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District had restricted net position as of December 31, 2021, as follows:

Restricted Net Position.	
Emergency Reserves	\$ 3,100
Debt Service	1,343,831
Conservation Trust Fund	117,212
Capital Projects	38,269
Total Restricted Net Position	\$ 1,502,412

#### NOTE 5 NET POSITION (CONTINUED)

The District has a deficit in unrestricted net position. This deficit amount is a result of the District being responsible for the repayment of bonds issued for public improvements which were conveyed to other governmental entities and which costs were removed from the District's financial records.

#### NOTE 6 AGREEMENT

#### **Management Agreement**

On May 21, 2002, the District entered into an agreement with Canterberry Crossing Metropolitan District II (CCMD II), a separate and distinct quasi-municipal corporation and political subdivision of the State of Colorado, and the HOA, whereby the HOA will manage and maintain the operation of the Community Center and pool owned by CCMD II (Management Agreement). The Management Agreement was amended on May 15, 2007, to clarify certain administrative functions and responsibilities of the HOA. The District imposes a fee on all users of the Community Center and the pool pursuant to a resolution adopted on October 15, 2002, as amended. This fee is charged to the residents via the monthly fees that they pay to the HOA. Upon the repayment of the District's general obligation debt, including any refundings thereof, and the repayment of any CCMD II Bonds, CCMD II will convey the Community Center and pool to the HOA.

On October 26, 2020, the District adopted a Resolution Ratifying Home Owner Fees Set by the Villages at Parker Master Association, Inc., dba: Canterberry Crossing Master Association and Used to Offset Certain Expenses for the Canterberry Crossing Metropolitan District, Douglas County, Colorado, for the 2021 Calendar and Fiscal Year (2021 Resolution), pursuant to which the District ratified the HOA's imposition of homeowner recreation fees in the amount of \$73.10 per year for 2021.

#### NOTE 7 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (Pool). The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery and workers compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for liability, property, public officials' liability and workers compensation coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

#### NOTE 8 TAX, SPENDING, AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations which apply to the State of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

At elections held on May 7, 1996 and November 5, 1996, a majority of the District's electors authorized the District to collect and spend or retain in a reserve all ad valorem property taxes and fees of the District without regard to any limitations under TABOR.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the Emergency Reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits will require judicial interpretation.
