Antelope Heights Metropolitan District
Douglas County, Colorado

Independent Auditor's Report

Opinions

We have audited the accompanying financial statements of the governmental activities and each major fund of Antelope Heights Metropolitan District (the "District"), as of and for the year ended December 31, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Antelope Heights Metropolitan District as of December 31, 2023, and the respective changes in financial position and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

Exercise professional judgment and maintain professional skepticism throughout the audit.

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.

Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Required Supplementary Information

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinions on the basic financial statements are not affected by this missing information.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's financial statements as a whole. The supplementary information as listed in the table of contents is presented for the purposes of legal compliance and additional analysis and is not a required part of the financial statements. The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. In our opinion, such information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Information

Management is responsible for the other information included in our report. The other information, as listed in the table of contents, does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and, accordingly, we do not express an opinion or provide any assurance on them.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2023**

NOTE 1 DEFINITION OF REPORTING ENTITY

Antelope Heights Metropolitan District (the District), a quasi-municipal corporation, was organized by Court Order recorded on December 24, 2002, and is governed pursuant to provisions of the Colorado Special District Act (Title 32). The District operates under a service plan approved September 16, 2002 by the Town of Parker (Town) in Douglas County, Colorado. The Town Council adopted Resolution No. 22-065, Series of 2022, A Resolution Approving Adjustment of Mill Levies Resulting From Legislative or Constitutionally Mandated Reductions on November 21, 2022 (the City Resolution) to allow certain districts to adjust their mill levies for legislative changes in the assessment rate like they would for constitutional changes. The City Resolution states that the board of any metropolitan district with a service plan approved prior to November 21, 2022 may pass a resolution to append the City Resolution to the District's service plan and to revise the definition of "Mill Levy Adjustment." The District adopted Resolution No. 2022-12-01 for this purpose.

The District's service area is located entirely within the Town. The District was established to provide financing for the acquisition, construction, completion, and/or installation of parks and recreation facilities, street improvements, traffic and safety controls, water systems and sanitary sewer and storm drainage systems.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens, and fiscal dependency.

The District has no employees, and all operations and administrative functions are contracted.

The District is not financially accountable for any other entity, nor is the District a component unit of any other primary governmental entity.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The more significant accounting policies of the District are described as follows:

Government-Wide and Fund Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. The effect of interfund activity has been removed from these statements. Governmental activities are normally supported by property taxes and intergovernmental revenues.

**ANTELOPE HEIGHTS METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2023**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Government-Wide and Fund Financial Statements (Continued)

The statement of net position reports all financial and capital resources of the District. The difference between the assets, deferred outflow of resources, liabilities, and deferred inflow of resources of the District is reported as net position.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for the governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes. All other revenue items are considered to be measurable and available only when cash is received by the District. The District has determined that Developer advances are not considered as revenue susceptible to accrual. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation due.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of the governmental funds.

**ANTELOPE HEIGHTS METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2023**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Budgets

In accordance with the Local Government Budget Law of Colorado, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures level and lapses at year-end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

The District has amended its annual budget for the year ended December 31, 2023.

Pooled Cash and Investments

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash.

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflow of resources in the year they are levied and measurable. The property tax revenues are recorded as revenue in the year they are available or collected.

Cost of Bond Refunding

In the government-wide financial statements, the deferred cost of bond refunding is being amortized using the interest method over the life of the new bonds. The amortization amount is a component of interest expense and the unamortized deferred costs is reflected as a deferred outflow of resources.

**ANTELOPE HEIGHTS METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2023**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Deferred Inflow/Outflow of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until that time. The District has one item that qualifies for reporting in this category. Accordingly, the item, cost of bond refunding, is deferred and recognized as an outflow of resources in the period that the amount is incurred.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The District has one item that qualifies for reporting in this category. Accordingly, the item, deferred property tax revenue, is deferred and recognized as an inflow of resources in the period that the amount becomes available.

Equity

Net Position

For government-wide presentation purposes when both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first, then unrestricted resources as they are needed.

Fund Balance

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

Nonspendable Fund Balance – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.

Restricted Fund Balance – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.

Committed Fund Balance – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Equity (Continued)

Fund Balance (Continued)

Assigned Fund Balance – The portion of fund balance that is constrained by the government’s intent to be used for specific purposes but is neither restricted nor committed. Intent is expressed by the board of directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.

Unassigned Fund Balance – The residual portion of fund balance that does not meet any of the criteria described above.

If more than one classification of fund balance is available for use when an expenditure is incurred, it is the District’s practice to use the most restrictive classification first.

NOTE 3 CASH AND INVESTMENTS

Cash and investments as of December 31, 2023, are classified in the accompanying financial statements as follows:

Statement of Net Position:

Cash and Investments	\$ 5,250
Cash and Investments - Restricted	20,124
Total Cash and Investments	\$ 25,374

Cash and investments as of December 31, 2023, consist of the following:

Deposits with Financial Institutions	\$ 8,323
Investments	17,051
Total Cash and Investments	\$ 25,374

Deposits with Financial Institutions

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2023, the District’s cash deposits had a bank balance and a carrying balance of \$8,323.

Investments

The District has not adopted a formal investment policy; however, the District follows state statutes regarding investments.

The District generally limits its concentration of investments to those noted with an asterisk (*) below, which are believed to have minimal credit risk, minimal interest rate risk, and no foreign currency risk. Additionally, the District is not subject to concentration risk or investment custodial risk disclosure requirements for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States, certain U.S. government agency securities, and securities of the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Certain certificates of participation
- . Certain securities lending agreements
- . Bankers' acceptances of certain banks
- . Commercial paper
- . Written repurchase agreements and certain reverse repurchase agreements collateralized by certain authorized securities
- . Certain money market funds
- . Guaranteed investment contracts
- * Local government investment pools

As of December 31, 2023, the District had the following investments:

<u>Investment</u>	<u>Maturity</u>	<u>Amount</u>
Colorado Surplus Asset Fund Trust (CSAFE)	Weighted-Average Under 60 Days	\$ 17,051

CSAFE

The District invested in the Colorado Surplus Asset Fund Trust (CSAFE) (the Trust), which is an investment vehicle established by state statute for local government entities to pool surplus assets. The State Securities Commissioner administers and enforces all State statutes governing the Trust. The Trust currently offers two portfolios – CSAFE CASH FUND and CSAFE CORE.

CSAFE CASH FUND operates similar to a money market fund, with each share valued at \$1.00. CSAFE may invest in U.S. Treasury securities, repurchase agreements collateralized by U.S. Treasury securities, certain money market funds and highest rated commercial paper, and any security allowed under CRS 24-75-601.

CSAFE CORE, a variable Net Asset Value (NAV) Local Government Investment Pool, offers weekly liquidity and is managed to approximate a \$2.00 transactional share price. CSAFE CORE may invest in securities authorized by CRS 24-75-601, including U.S. Treasury securities, repurchase agreements collateralized by U.S. Treasury securities, certain obligations of U.S. government agencies, highest rated commercial paper, and any security allowed under CRS 24-75-601.

A designated custodial bank serves as custodian for CSAFE’s portfolio pursuant to a custodian agreement. The custodian acts as safekeeping agent for CSAFE’s investment portfolio and provides services as the depository in connection with direct investments and withdrawals. The custodian’s internal records segregate investments owned by CSAFE. CSAFE CASH FUND is rated AAmmf and CSAFE CORE is rated AAAf/S1 by Fitch Ratings. CSAFE records its investments at amortized cost and the District records its investments in CSAFE using the amortized cost method. There are no unfunded commitments, the redemption frequency is daily and there is no redemption notice period.

NOTE 4 LONG-TERM OBLIGATIONS (CONTINUED)

The details of the District's long-term obligation are as follows:

2017A Loan and 2017B Loan

The District entered into a General Obligation (Limited Tax Convertible to Unlimited Tax) Refunding and Improvement Loan, Series 2017A (the 2017A Loan) and a Taxable (Convertible to Tax-Exempt) General Obligation (Limited Tax Convertible to Unlimited Tax) Refunding and Improvement Loan, Series 2017B (the 2017B Loan and together with the 2017A Loan, the 2017 Loan) in the amounts of \$8,255,000 and \$2,100,000, respectively, with Guaranty Bank and Trust Company on September 29, 2017. The proceeds from the Loans were used to:

- (a) Pay and cancel the then outstanding Subordinate Limited Tax Bonds, Series 2015;
- (b) Defease the then outstanding General Obligation (Limited Tax Convertible to Unlimited Tax) Refunding and Improvement Bonds, Series 2007;
- (c) Reimburse a portion of the costs of acquiring, constructing, and installing public facilities; and
- (d) Pay the costs of issuing the 2017 Loan.

The 2017A Loan bears interest at a fixed rate equal to 3.15% per annum. Commencing on the date of closing on the 2017 Loan, the 2017B Loan bears interest at a fixed rate of 5.85% per annum until the Tax-Exempt Reissuance Date, if any. After the Tax-Exempt Reissuance Date, if it occurs, the 2017B Loan balance will bear interest at a fixed rate equal to 3.80%.

On April 17, 2018, the Board of Directors approved a Resolution Providing for Deemed Reissuance by the Antelope Heights Metropolitan District of its Taxable (Convertible to Tax-Exempt) General Obligation (Limited Tax Convertible to Unlimited Tax) Refunding and Improvement Loan, Series 2017B, in the Aggregate Principal Amount of \$2,100,000, For the Purpose of Reissuing Such Loan as a Tax Exempt Obligation; Providing for Certain Details in Connection Therewith; and Approving Documents Related Thereto. Effective as of April 17, 2018, the 2017B Loan will be thereafter identified, known as and referred to as the General Obligation (Limited Tax Convertible to Unlimited Tax) Refunding and Improvement Loan, Series 2017B.

Interest payments on the 2017 Loan are payable semi-annually on June 1 and December 1 each year, beginning on December 1, 2017. Principal payments on the 2017 Loan are payable on December 1 of each year, commencing on December 1, 2017 through and including the Maturity Date of December 1, 2037.

The 2017A Loan may be prepaid prior to the Maturity Date at the option of the District, on December 1, 2022 and on any 2017A Principal Payment Date thereafter, with no prepayment fee or penalty. The 2017B Loan may be prepaid prior to the Maturity Date at the option of the District, on any 2017B Principal Payment Date thereafter, with no prepayment fee or penalty.

NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2023**

NOTE 4 LONG-TERM OBLIGATIONS (CONTINUED)

2017A Loan and 2017B Loan (Continued)

The 2017A Loan may also be prepaid prior to the Maturity Date at the option of the District, on or prior to December 1, 2021 on any 2017A Principal Payment Date, at a prepayment price equal to the sum of the 2017A Loan Balance plus accrued interest thereon to the date of prepayment, together with a prepayment fee computed as a percentage of the 2017A Loan Balance on the date of such prepayment, such percentage being computed as $(N-1)/2$, where N is equal to the number of years remaining between the date of prepayment and the Maturity Date.

The 2017 Loan is secured by and payable solely from and to the extent of Pledged Revenue, defined as moneys derived from the following sources, net of any costs of collection:

- (a) the Required Mill Levy;
- (b) the Specific Ownership Tax Revenues (attributable to the Required Mill Levy);
- (c) all other legally available moneys which the District, in its sole discretion, has deposited with the Custodian with instructions to apply such amounts as Pledged Revenue.

Prior to the Conversion Date, the Required Mill Levy means a mill levy imposed in an amount sufficient to pay principal and interest on the 2017 Loan for the relevant year, but not in excess of 35 mills less the number of mills necessary to pay unlimited mill levy general obligation debt of the District and less the amount necessary to pay operations and maintenance expenses of the District. Such mill levy will be increased or decreased to reflect changes in the method of calculating assessed valuation with tax year 1996 as the base year for calculation of any such adjustments. Such increases or decreases to be determined by the Board of Directors in good faith (such determination to be binding and final) so that to the extent possible, the actual tax revenues generated by the mill levy, as adjusted, are neither diminished nor enhanced as a result of such changes. The mill levy is currently 43.500 mills.

The Conversion Date means the first date on which:

- (a) the Debt to Assessed Ratio is 50% or less;
- (b) no amounts of principal or interest on the 2017 Loans are due but unpaid; and
- (c) the District's assessed valuation is not less than \$8,000,000.

The Conversion Date has occurred and therefore the Required Mill Levy means a mill levy imposed in an amount sufficient to pay principal and interest on the 2017 Loan for the relevant year, without limitation of rate. However, in no event may the Required Mill Levy be established at a mill levy which would cause the District to derive tax revenue in any year in excess of the maximum tax increases permitted by the District's electoral authorization, and if the Required Mill Levy as calculated pursuant to the foregoing would cause the amount of taxes collected in any year to exceed the maximum tax increase permitted by the District's electoral authorization, the Required Mill Levy shall be reduced to the point that such maximum tax increase is not exceeded.

2034-2037	2,820,000	238,764	3,058,764
Total	<u>\$ 8,335,000</u>	<u>\$ 2,252,332</u>	<u>\$ 10,587,332</u>

* The annual debt service requirements on the 2017B Subordinate Bonds are not currently determinable since they are payable only from available Subordinate Pledged Revenue.

2021 Subordinate Bonds

The District issued Subordinate Limited Tax General Obligation Bonds, Series 2021 B(3) in the amount of \$2,285,000 on July 15, 2021. The bonds were issued for the purpose of: (a) financing or reimbursing the cost of public improvements related to the Development and (b) paying costs incurred in connection with the issuance of the Subordinate Bonds.

The Subordinate Bonds bear interest at the rate of 5.500% per annum and are payable annually on December 15, beginning December 15, 2021 from, and to the extent of, Subordinate Pledged Revenue available, if any, and mature on December 15, 2037. The Subordinate Bonds are structured as cash flow bonds meaning that there are no scheduled payments of principal or interest prior to the final maturity date. Unpaid interest on the Subordinate Bonds compounds annually on each December 15. All of the Subordinate Bonds and interest thereon are to be deemed to be paid and discharged on December 16, 2047 (the "Termination Date"), regardless of the amount of principal and interest paid prior to the Termination Date.

The Subordinate Bonds are secured by and payable solely from and to the extent of Subordinate Pledged Revenue, net of any costs of collection, which includes:

- (a) The Subordinate Required Mill Levy;
- (b) the portion of the Specific Ownership Tax which is collected as a result of imposition of the Subordinate Required Mill Levy; and
- (c) any other legally available moneys which the District determines, in its absolute discretion, to transfer to the Trustee for application as Subordinate Pledged Revenue.

**ANTELOPE HEIGHTS METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 4 LONG-TERM OBLIGATIONS (CONTINUED)

2021 Subordinate Bonds (Continued)

The Bonds are subject to redemption prior to maturity, at the option of the District, on September 1, 2026, and on any date thereafter, upon payment of par, accrued interest, and a redemption premium equal to a percentage of the principal amount so redeemed as follows:

<u>Date of Redemption</u>	<u>Redemption Premium</u>
September 1, 2026 to August 31, 2027	3.00%
September 1, 2027 to August 31, 2028	2.00
September 1, 2028 to August 31, 2029	1.00
September 1, 2029 and Thereafter	0.00

Pursuant to the Subordinate Indenture, the District has covenanted to impose a Subordinate Required Mill Levy upon all taxable property of the District each year in the amount of 35.000 mills (subject to adjustment as described below) less the number of mills equal to the required mill levy pursuant to the 2017 Loan (“Senior Bond Mill Levy”), or such lesser mill levy which will, after deduction of the Senior Bond Mill Levy, fund the Subordinate Bond Fund in an amount sufficient to pay all of the principal of; premium, if any, and interest on the Subordinate Bonds in full.

In the event the method of calculating assessed valuation is changed after January 1, 1996, the minimum and maximum mill levies shall be increased or decreased to reflect such changes, such increases or decreases to be determined by the Board in good faith (such determination to be binding and final), so that to the extent possible, the actual tax revenues generated by the mill levy, as adjusted, are neither diminished nor enhanced as a result of such changes. For purposes of the foregoing, a change in the ratio of actual valuation shall be deemed to be a change in the method of calculating assessed valuation. The mill levy of 35 mills, as adjusted, is currently 43.500 mills.

Authorized Debt

On November 5, 2002, a majority of the qualified electors of the District authorized the issuance of indebtedness in an amount not to exceed \$24,500,000, at an interest rate not to exceed 12% per annum. As of December 31, 2023, the District had authorized but unissued indebtedness from this election in the following amounts allocated for the following purposes:

NOTE 4 LONG-TERM OBLIGATIONS (CONTINUED)

Authorized Debt (Continued)

Pursuant to the Service Plan, the District is permitted to issue bond indebtedness of up to \$12,000,000.

In the future, the District may issue a portion or all of the remaining authorized but unissued general obligation debt for purposes of providing public improvements to support development as it occurs within the District’s service area; however, as of the date of this audit, the amount and timing of any debt issuances is not determinable.

NOTE 5 NET POSITION

The District has net position consisting of two components – restricted and unrestricted.

The restricted component of net position consists of assets that are restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District had restricted net position as of December 31, 2023, as follows:

	Governmental Activities
Restricted Net Position:	
Emergencies	\$ 2,300
Total Restricted Net Position	\$ 2,300

The District has a deficit in unrestricted net position. This deficit amount is a result of the District being responsible for the repayment of bonds issued for the public improvements which were conveyed to other governmental entities and which costs were removed from the District’s financial records.

NOTE 6 RELATED PARTIES

The majority of members of the Board of Directors are employees, owners, or are otherwise associated with JF Companies, LLC (formerly Gateway American Properties, LLC) (JF Companies) and/or MDR, LLC (MDR) and may have conflicts of interest in dealing with the District. JF Companies is the current developer of property within the District.

Construction Management Agreement

The District and JF Companies entered into an Agreement for Construction Management Services, dated January 15, 2003, whereby JF Companies is to provide construction management services during the construction of certain improvements. The management fee is 4% of the amount of the construction work excluding engineering. During the year, no payments were made for management fees.

**ANTELOPE HEIGHTS METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2023**

NOTE 7 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (the Pool). The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery, and workers' compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for liability, property, crime, workers' compensation, and public officials' liability coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

NOTE 8 TAX, SPENDING, AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue, and debt limitations which apply to the state of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

On November 5, 2002, a majority of the District's electors authorized the District to collect and spend or retain in reserve taxes of \$500,000 annually and other revenue without regard to any limitations under TABOR.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits will require judicial interpretation.

**ANTELOPE HEIGHTS METROPOLITAN DISTRICT
2024 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Services Provided

Antelope Heights Metropolitan District (District), a quasi-municipal corporation and a political subdivision of the State of Colorado, was organized by Court Order recorded on December 24, 2002, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District operates under a service plan approved by the Town of Parker (Town) in Douglas County, Colorado. The District's service area is located entirely within the Town.

The District was established to provide financing for the acquisition, construction, completion and/or installation of parks and recreation facilities, street improvements, traffic and safety controls, water systems and sanitary sewer and storm drainage systems.

On November 5, 2002, the District's voters authorized general obligation indebtedness of \$2,895,000 for street improvements, \$3,060,000 for parks and recreation, \$1,680,000 for water supply system, \$4,365,000 for sanitary sewer system, \$12,000,000 for refinancing of District debt, and \$500,000 for general operations and maintenance. The voters also approved an annual increase in taxes of \$500,000 for general operations and maintenance.

The District has no employees and all administrative functions are contracted.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

Revenues

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

The calculation of the taxes levied is displayed on the Property Tax Summary page of the budget using the adopted mill levy imposed by the District.

SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Revenues (Continued)

Property Taxes (Continued)

For property tax collection year 2024, SB22-238 and SB23B-001 set the assessment rates and actual value reductions as follows:

Category	Rate		Category	Rate		Actual Value Reduction	Amount
Single-Family Residential	6.70%		Agricultural Land	26.40%		Single-Family Residential	\$55,000
Multi-Family Residential	6.70%		Renewable Energy Land	26.40%		Multi-Family Residential	\$55,000
Commercial	27.90%		Vacant Land	27.90%		Commercial	\$30,000
Industrial	27.90%		Personal Property	27.90%		Industrial	\$30,000
Lodging	27.90%		State Assessed	27.90%		Lodging	\$30,000
			Oil & Gas Production	87.50%			

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 9% of the property taxes collected by both the General Fund and the Debt Service Fund.

Loan Issue Proceeds

The District issued a 2017A Loan and 2017B Loan on September 29, 2017 in the par amounts of \$8,255,000 and \$2,100,000, respectively to refund the then outstanding Series 2007 Bonds and Series 2015 Subordinate Bonds.

The District issued Series 2021B(3) Subordinate Bonds on July 15, 2021 in the par amount of \$2,285,000 to reimburse the costs of public improvements.

Expenditures

Administrative Expenditures

Administrative expenditures have been provided based on estimates of the District's Board of Directors and consultants and include the services necessary to maintain the District's administrative viability such as legal, accounting, managerial, insurance, meeting expense, and other administrative expenses.

Expenditures (Continued)

County Treasurer's Fees

County Treasurer's fees have been computed at 1.5% of property tax collections.

Debt Service

Principal and interest payments are provided based on the debt amortization schedule for the Series 2017A Loan and the Series 2017B Loan (discussed under Debt and Leases).

Debt and Leases

2017 Senior Loans

The District entered into a General Obligation (Limited Tax Convertible to Unlimited Tax) Refunding and Improvement Loan, Series 2017A (the 2017A Loan) and a Taxable (Convertible to Tax-Exempt) General Obligation (Limited Tax Convertible to Unlimited Tax) Refunding and Improvement Loan, Series 2017B (the 2017B Loan and together with the 2017A Loan the 2017 Loan) in the amounts of \$8,255,000 and \$2,100,000, respectively, with Guaranty Bank and Trust Company on September 29, 2017. The proceeds from the Loans were used to:

- (a) Pay and cancel the then outstanding Subordinate Limited Tax Bonds, Series 2015;
- (b) Defease the then outstanding General Obligation (Limited Tax Convertible to Unlimited Tax) Refunding and Improvement Bonds, Series 2007;
- (c) Reimburse a portion of the costs of acquiring, constructing, and installing public facilities; and
- (d) Pay the costs of issuing the 2017 Loan.

The 2017A Loan bears interest at a fixed rate equal to 3.15% per annum. Commencing on the date of closing on the 2017 Loan, the 2017B Loan bears interest at a fixed rate of 5.85% per annum until the Tax-Exempt Reissuance Date, if any. After the Tax-Exempt Reissuance Date, if it occurs, the 2017B Loan balance will bear interest at a fixed rate equal to 3.80%.

On April 17, 2018, the Board of Directors approved a Resolution Providing for Deemed Reissuance by the Antelope Heights Metropolitan District of its Taxable (Convertible to Tax-Exempt) General Obligation (Limited Tax Convertible to Unlimited Tax) Refunding and Improvement Loan, Series 2017B, in the Aggregate Principal Amount of \$2,100,000, For the Purpose of Reissuing Such Loan as a Tax Exempt Obligation; Providing for Certain Details in Connection Therewith; and Approving Documents Related Thereto. Effective as of April 17, 2018, the 2017B Loan will be thereafter identified, known as and referred to as the General Obligation (Limited Tax Convertible to Unlimited Tax) Refunding and Improvement Loan, Series 2017B.

Interest payments on the 2017 Loan are payable semi-annually on June 1 and December 1 each year, beginning on December 1, 2017. Principal payments on the 2017 Loan are payable on December 1 of each year, commencing on December 1, 2018 through and including the Maturity Date of December 1, 2037.

**ANTELOPE HEIGHTS METROPOLITAN DISTRICT
2024 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Debt and Leases (Continued)

2017 Senior Loans (Continued)

The 2017A Loan may be prepaid prior to the Maturity Date at the option of the District, on December 1, 2022 and on any 2017A Principal Payment Date thereafter, with no prepayment fee or penalty. The 2017B Loan may be prepaid prior to the Maturity Date at the option of the District, on any 2017B Principal Payment Date thereafter, with no prepayment fee or penalty.

The 2017A Loan may also be prepaid prior to the Maturity Date at the option of the District, on or prior to December 1, 2021 on any 2017A Principal Payment Date, at a prepayment price equal to the sum of the 2017A Loan Balance plus accrued interest thereon to the date of prepayment, together with a prepayment fee computed as a percentage of the 2017A Loan Balance on the date of such prepayment, such percentage being computed as $(N-1)/2$, where N is equal to the number of years remaining between the date of prepayment and the Maturity Date.

The 2017 Loan is secured by and payable solely from and to the extent of Pledged Revenue, defined as moneys derived from the following sources, net of any costs of collection:

- (a) the Required Mill Levy;
- (b) the Specific Ownership Tax Revenues (attributable to the Required Mill Levy);
- (c) all other legally available moneys which the District, in its sole discretion, has deposited with the Custodian with instructions to apply such amounts as Pledged Revenue.

Prior to the Conversion Date, the Required Mill Levy means a mill levy imposed in an amount sufficient to pay principal and interest on the 2017 Loan for the relevant year, but not in excess of 35 mills less the number of mills necessary to pay unlimited mill levy general obligation debt of the District and less the amount necessary to pay operations and maintenance expenses of the District. Such mill levy will be increased or decreased to reflect changes in the method of calculating assessed valuation with tax year 1996 as the base year for calculation of any such adjustments. Such increases or decreases to be determined by the Board of Directors in good faith (such determination to be binding and final) so that to the extent possible, the actual tax revenues generated by the mill levy, as adjusted, are neither diminished nor enhanced as a result of such changes. The maximum mill levy of 35 mills, as adjusted pursuant to the foregoing, is currently 50.713 mills.

The Conversion Date means the first date on which:

- (a) the Debt to Assessed Ratio is 50% or less;
- (b) no amounts of principal or interest on the 2017 Loans are due but unpaid; and
- (c) the District's assessed valuation is not less than \$8,000,000.

Debt and Leases (Continued)

2021 Subordinate Bonds

The District issued Subordinate Limited Tax General Obligation Bonds, Series 2021 B(3) in the amount of \$2,285,000 on July 15, 2021. The bonds were issued for the purpose of: (a) financing or reimbursing the cost of public improvements related to the Development and (b) paying costs incurred in connection with the issuance of the Subordinate Bonds.

The Subordinate Bonds bear interest at the rate of 5.500% per annum and are payable annually on December 15, beginning December 15, 2021 from, and to the extent of, Subordinate Pledged Revenue available, if any, and mature on December 15, 2037. The Subordinate Bonds are structured as cash flow bonds meaning that there are no scheduled payments of principal or interest prior to the final maturity date. Unpaid interest on the Subordinate Bonds compounds annually on each December 15. All of the Subordinate Bonds and interest thereon are to be deemed to be paid and discharged on December 16, 2047 (the "Termination Date"), regardless of the amount of principal and interest paid prior to the Termination Date.

The Subordinate Bonds are secured by and payable solely from and to the extent of Subordinate Pledged Revenue, net of any costs of collection, which includes:

- (a) The Subordinate Required Mill Levy;
- (b) the portion of the Specific Ownership Tax which is collected as a result of imposition of the Subordinate Required Mill Levy; and
- (c) any other legally available moneys which the District determines, in its absolute discretion, to transfer to the Trustee for application as Subordinate Pledged Revenue.

The Bonds are subject to redemption prior to maturity, at the option of the District, on September 1, 2026, and on any date thereafter, upon payment of par, accrued interest, and a redemption premium equal to a percentage of the principal amount so redeemed as follows:

Date of Redemption	Redemption Premium
September 1, 2026, to August 31, 2027	3.00%
September 1, 2027, to August 31, 2028	2.00
September 1, 2028, to August 31, 2029	1.00
September 1, 2029, and thereafter	0.00

Debt and Leases (Continued)

2021 Subordinate Bonds (Continued)

Pursuant to the Subordinate Indenture, the District has covenanted to impose a Subordinate Required Mill Levy upon all taxable property of the District each year in the amount of 35.000 mills (subject to adjustment as described below) less the number of mills equal to the Senior Bond Mill Levy, or such lesser mill levy which will, after deduction of the Senior Bond Mill Levy, fund the Subordinate Bond Fund in an amount sufficient to pay all of the principal of; premium, if any, and interest on the Subordinate Bonds in full.

In the event the method of calculating assessed valuation is changed after January 1, 1996, the minimum and maximum mill levies shall be increased or decreased to reflect such changes, such increases or decreases to be determined by the Board in good faith (such determination to be binding and final), so that to the extent possible, the actual tax revenues generated by the mill levy, as adjusted, are neither diminished nor enhanced as a result of such changes. For purposes of the foregoing, a change in the ratio of actual valuation shall be deemed to be a change in the method of calculating assessed valuation.

Operating and Capital Leases

The District has no operating or capital leases.

Reserves

Emergency Reserve

The District has provided for an Emergency Reserve fund equal to at least 3% of fiscal year spending as defined under TABOR.
