RAVENNA METROPOLITAN DISTRICT COUNTY OF DOUGLAS, STATE OF COLORADO

ANNUAL REPORT FOR FISCAL YEAR 2014

Pursuant to Section XIV of the Ravenna Metropolitan District Service Plan, approved by the Douglas County Board of County Commissioners (the "County") on April 7, 2004, as amended, the District hereby submits its annual report for fiscal year 2014 (the "Reporting Period") to the County with regard to the following matters:

A. Boundary changes of the District.

ŗ

No boundary changes were made or proposed during the Reporting Period.

B. Intergovernmental Agreements entered into or proposed.

The District did not enter into any intergovernmental agreements during the Reporting Period. No intergovernmental agreements are currently proposed.

C. Changes or proposed changes in the District's policies.

The District adopted a Public Records Policy regarding the inspection, retention and disposal of public records in compliance with the Colorado Open Records Act, and includes the Special District Records Retention Schedule, as created by the Colorado State Archives and adopted by the District.

D. Changes or proposed changes in the District's operations.

The Douglas County Board of County Commissioners approved a "First Amendment to Service Plan for Ravenna Metropolitan District" ("First Amendment") on August 12, 2014. The purpose of this First Amendment is to grant the District with the authority and power to provide security services and covenant enforcement and design review services within the boundaries of the District as permitted pursuant to C.R.S. §§ 32-1-1004(7) and (8), respectively.

E. <u>Any changes in the financial status of the District including revenue projections or operating costs.</u>

The District's revenue projections and operating costs for fiscal years 2014 and 2015 are set forth in the District's 2015 adopted Budget Resolution attached hereto as <u>Exhibit A</u>.

In addition, as reported in the District's 2012 annual report, on April 10, 2013, via Resolution, the Board of Directors for the District found and concluded that the District was unable to discharge its indebtedness as it becomes due based on short-term and long-term projected cash flow analysis, resulting in severe hardship to the District and the District's taxpayers, to the detriment of the District's creditors. As discussed in more detail in Section F, below, due to the District's financial condition, the District filed a voluntary petition in the

United States Bankruptcy Court, District of Colorado, pursuant to Chapter 9 of the United States Bankruptcy Code, seeking approval of a plan of adjustment of the District's debts. In spite of the Bankruptcy Court's dismissal of the District's petition, as further discussed in Section F, below, the District remains unable to meet its short and long-term financial obligations on a timely basis. The District is currently negotiating with the owner of its 2007 general obligation bonds and is optimistic that a plan will be agreed upon. The plan being negotiated will allow the District to meet its obligations without unduly impairing the ability of property within the District to be sold and built upon, such that the District's assessed value will increase, and the District can eventually satisfy its long-term obligations out of tax revenues, as originally intended.

F. A summary of any litigation involving the District.

ļ

f

On April 2, 2014, the District filed a voluntary petition pursuant to Chapter 9 of the United States Bankruptcy Code, in the United States Bankruptcy Court for the District of Colorado (Case No. 14-14207-EEB), seeking approval of a plan for the adjustment of debts of the District. Objections to the District's eligibility to file such Petition were filed by Colorado BondShares and United Water and Sanitation District. From July 28, 2014 through August 1, 2014, the Bankruptcy Court held a trial on the District's eligibility, following which, the Court ruled, on December 15, 2014, that the District is not insolvent and therefore is not eligible to seek relief pursuant to Chapter 9. The District filed a Notice of Appeal of the Bankruptcy Court's decision on December 29, 2014.

G. <u>Proposed plans for the year immediately following the year summarized in the annual</u> report.

Proposed plans for the District for fiscal year 2015 are set forth in the District's 2015 adopted Budget Resolution attached hereto as <u>Exhibit A</u>.

H. Status of construction of public improvements.

All public improvements are completed.

I. The current assessed valuation of the District.

The assessed valuation of the District for taxable year 2014 is \$6,272,650.

(Remainder of Page Left Intentionally Blank)

The foregoing Annual Report and accompanying exhibit are submitted this 2^{μ} day of ______. MALCH_____, 2015.

RAVENNA METROPOLITAN DISTRICT

2015 BUDGET MESSAGE

The Ravenna Metropolitan District is a quasi-municipal corporation organized and operated pursuant to provisions set forth in the Colorado Special District Act. The District was organized on May 18, 2004, and is wholly located within Douglas County, Colorado. Through its Service Plan, the District is authorized to finance improvements including roadway improvements, emergency access roads, street landscaping, street lighting, monumentation, signage, safety controls, landscaping, water, sanitary sewer, stormwater, television relay, mosquito control and park and recreation improvements and facilities.

The District has no employees at this time and all operations and administrative functions are contracted.

The budget is prepared on the modified accrual basis of accounting, which is consistent with the basis of accounting used in presenting the District's financial statements.

In preparing the 2015 budget, the District's foremost goal was to move the District towards financial solvency. The District's financial position was greatly impacted by the economic recession. The District had an assessed value of \$13,875,900 in 2010 which plummeted to \$6,147,746 by 2013. This was a decrease of \$7,603,250 in assessed value, or a 55% decrease in property tax revenue. The financial position was negatively impacted even further by the stunted development growth in the community. The District issued bonds in 2007 and the decrease in assessed value forced the District to increase its debt service mill levy to the debt service cap of 60 mills. This did not provide sufficient property tax revenue to meet the scheduled debt service repayment obligations and left minimal property tax funds remaining for operations of the District. On April 2, 2014, the District commenced a Chapter 9 bankruptcy case to seek relief. At the time the District adopted the 2015 budget, the District Court had not made a determination regarding eligibility. Subsequently, the District received notification from the District Court that the bankruptcy was dismissed. The dismissal has been appealed. The Court's decision will necessitate a 2015 budget amendment in early 2015. The impact of this decision on 2014 has caused the District to end with negative fund balance which will be addressed in the 2015 amended budget.

General Fund

Revenue

The District's assessed value increased by \$124,904 to \$6,272,650. The District certified a mill levy of 63 mills for total property tax revenue of \$395,177. At the time the District adopted the budget, the proposed bankruptcy plan was to allow the District to use the debt service 60 mills for operations. The District also budgeted 6% of property taxes for specific ownership tax in the amount \$23,511. The Developer of the community successfully sought bankruptcy protection which provided for past due property tax payments to be made to the District over time. The District budgeted for \$114,000 of past due property taxes to be paid which are referred to as RCRE Class 2 Payments in the budget.

Expenses

The General Fund budgeted expenditures is \$547,887 in 2015. General and administrative expenses were minimally budgeted at \$28,314. The remaining portion of the General Fund budget was a transfer of \$519,573 to the Enterprise Fund.

Rese**r**ve

The District has provided for an emergency reserve fund equal to at least 3% of the fiscal year spending for 2015, as defined under TABOR.

Debt Service Fund

On December 6, 2007, the District issued \$9,000,000 in General Obligation Limited Tax Bonds and Supplemental Registered "B" Coupons for the purpose of funding the design, acquisition, construction, completion, installation, relocation and/or provision of public improvements for the District, capitalizing a portion of the initial interest to accrue on the Series 2007 Obligations and paying the costs of issuing the Series 2007 Obligations. The Term Bonds mature on December 1, 2037, and bear an interest rate of 7.00%. The Supplemental "B" Interest Registered Coupons mature and accrete interest at the rate of 8.25% interest.

The District adopted zero revenues and expenditures in 2015 due to the bankruptcy status at the time the budget was adopted.

Enterprise Fund

The District has few water and sewer users. As a result, the residential user fees are less than 10% of the funding for operations. The District budgeted \$54,760 in Water Usage revenue and \$33,595 in Sewer Service Fees. The District budgeted Water Tap Fee revenues of \$150,000, One Time Development Fees of \$50,000 and reimbursements for water delivery repairs and maintenance to the Golf Course and HOA for \$101,050. The transfer from the General fund of \$519,573 accounts for 54% of the District's budgeted Enterprise revenue. The District also implemented a monthly Reserve and Repair Fee budgeted at \$44,388 in an effort to defray capital repair future needs.

Reserve

The District has provided for an emergency reserve fund equal to at least 3% of the fiscal year spending for 2015, as defined under TABOR. The District budgeted a Repair Reserve of \$44,388.
