## Services Provided

The District, a quasi-municipal corporation and a political subdivision of the State of Colorado, was organized by order and decree of the District court for Douglas County on March 29, 2016, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District will serve the public improvement needs of a development generally located east of Chambers Road, north of Scott Avenue, and south of Pinery Parkway in Douglas County, Colorado.

Pursuant to the amended Service Plan, the District is authorized to provide for the planning, design, acquisition, construction, installation, relocation, redevelopment, financing, and operation and maintenance of all public improvements, including water, sanitation, streets, stormwater, park and recreation, traffic and safety control and mosquito control improvements.

On May 5, 2020, the District's qualified electors approved indebtedness of \$200,000,000 for certain categories of Public Improvements, such as streets, park and recreation, water, sanitation/sewer, transportation, mosquito control, safety protection, fire protection, TV relay and translation and security and \$220,000,000 for refunding.

The amended Service Plan imposes a debt limitation on the District in the aggregate amount of \$25,000,000 (excluding refundings). In the future, the District may issue a portion or all of the remaining authorized but unissued general obligation debt for purposes of providing public improvements to support development as it occurs within the District's service area, however, as of the date of this budget, the amount and timing of any debt issuances is not determinable.

The District has no employees and all administrative functions are contracted.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

#### Revenues

# **Property Taxes**

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August, and generally, sale of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

# **Revenues** (continued)

# Property Taxes (continued)

Under the Service Plan, the District is limited to the imposition of a mill levy in an amount not to exceed 60 mills; provided, however, that in the event the method of calculating assessed valuation is changed after the date of approval of the Service Plan, the mill levy limitation provided for the District will be automatically increased or decreased to reflect such changes, so that to the extent possible, the actual tax revenues generated by the mill levy, as adjusted, are neither diminished nor enhanced as a result of such changes. For purposes of the foregoing, a change in the ratio of actual valuation to assessed valuation shall be deemed to be a change in the method of calculating assessed valuation.

The calculation of the taxes levied is displayed on the Property Tax Summary page of the Budget at the mill levy adopted by the District.

For property tax collection year 2024, SB22-238 and SB23B-001 set the assessment rates and actual value reductions as follows:

Category	Rate	Category	Rate	Actual Value Reduction	Amount
Single-Family				Single-Family	\$55,000
Residential	6.70%	Agricultural Land	26.40%	Residential	
Multi-Family		Renewable		Multi-Family	\$55,000
Residential	6.70%	Energy Land	26.40%	Residential	
Commercial	27.90%	Vacant Land	27.90%	Commercial	\$30,000
		Personal		Industrial	\$30,000
Industrial	27.90%	Property	27.90%		
Lodging	27.90%	State Assessed	27.90%	Lodging	\$30,000
		Oil & Gas			
		Production	87.50%		

#### Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 9% of the property taxes collected.

# **Operations Fee**

The District imposes Operations Fee for funding the Operations Costs, which is necessary to provide for the common good and for the prosperity and general welfare of the property owners, taxpayers, and residents within the District. Operations Fee shall consist of a recurring payment (the "Recurring Payment") and a separate payment imposed on the Transfer of a Residential Unit to an End User (the "Transfer Payment"). The Recurring Payment, payable on the 1<sup>st</sup> day of each month, is equal to \$100 per month per Residential Unit for the first year, and increased annually by 3% until December 31, 2027, and by 5% commencing on January1, 2028. The Transfer Payment is \$500 per transfer and is due upon which the transfer occurs.

#### **Revenues** (continued)

## **Developer Advance**

The District is in the development state. the operating and administrative expenditures will be mainly funded by the Developer. The capital expenditures are also expected to be funded by the Developer. Developer advances are recorded as revenue for budget purposes with an obligation for future repayment when the District is financially able to reimburse the Developer from bond proceeds and other legally available revenue.

#### Investment Income

Interest earned on the Districts available funds has been estimates based upon an average interest rate of approximately 5%.

# Expenditures

# **County Treasurer's Fees**

County Treasurer's collection fees have been computed at 1.5% of property taxes collected.

#### General and Administrative

General and administrative expenditures have been provided based on estimates of the District's Board of Directors and consultants of costs of services necessary to maintain the District's administrative viability such as legal, accounting, management, insurance, meeting expense, and other administrative expenses.

#### **Operations and Maintenance**

Estimated expenditures related to operations and maintenance of the grounds within the District (e.g. landscaping maintenance, security, snow removal, etc.) were included the Operations Fee Fund budget.

#### **Transfer to Stone Creek Metro District**

Pursuant to Clubhouse Joint Use and Operations Cost Sharing Agreement, the District will share in the management of Clubhouse Improvements with Stone Creek Metro District, and pay 51% of annual budgeted and approved operations and maintenance costs, inclusive of all legal costs, management costs, accountant costs, and other consulting fees, to Stone Creek Metro District.

#### Debt Service

The Bonds are structured as cash flow bonds meaning that there are no scheduled payments of principal or interest. Unpaid interest on the Bonds compounds annually on each December 1.

## Debt and Leases

On April 28, 2021, the District issued \$17,942,000 of Limited Tax General Obligation Bonds, Series 2021. The Bonds bear interest at the rate of 5.25% per annum and payable annually on December 1, but only to the extent of available Pledged Revenue. The Bonds are structured as cash flow bonds meaning that there are no scheduled payments of principal or interest. Unpaid interest on the Bonds compounds annually on each December 1. In the event any amounts due and owing on the Bonds remain outstanding on December 1, 2060 (the "Discharge Date"), such amounts shall be extinguished and no longer be due and outstanding.

The Bonds are subject to redemption prior to maturity, at the option of the District, on June 1, 2026, and on any date thereafter, upon payment of par, accrued interest, and a redemption premium equal to a percentage of the principal amount so redeemed as follows:

Date of Redemption	Redemption Premium
June 1, 2026, to May 31, 2027	3.00%
June 1, 2027, to May 31, 2028	2.00
June 1, 2028, to May 31, 2029	1.00
June 1, 2029, and thereafter	0.00

The Series 2021 Bonds are secured by and payable solely from and to the extent of Pledged Revenue which means:

- (a) the Required Mill Levy;
- (b) the portion of the Specific Ownership Tax which is collected as a result of the imposition of the Required Mill Levy; and
- (c) any other legally available moneys which the District determines, in its absolute discretion, to transfer to the Trustee for application as Pledged Revenue.

Pursuant to the Indenture, the District has covenanted to impose a Required Mill Levy on all taxable property of the District each year in an amount sufficient to pay the Bonds when due, but not in excess of 50.000 mills (subject to adjustment for changes in the method of calculating assessed valuation that occur on or after January 1, 2015).
