## INDEPENDENT AUDITOR'S REPORT

To the Board of Directors

Hillside at Castle Rock Metropolitan District

Douglas County, Colorado

### Opinions

We have audited the accompanying financial statements of the governmental activities, and each major fund of Hillside at Castle Rock Metropolitan District (the "District") as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, and each major fund of District, as of December 31, 2022, and the respective changes in financial position and the budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Required Supplemental Information**

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operation, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

### **Supplemental Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements as a whole. The Supplemental information, as listed in the table of contents, is presented for purposes of legal compliance and additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The continuing disclosure annual financial information as listed in the table of contents has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

## Notes to Financial Statements December 31, 2022

### Note 1: Summary of Significant Accounting Policies

The accounting policies of the Hillside at Castle Rock Metropolitan District (“District”), located in Douglas County, Colorado, conform to the accounting principles generally accepted in the United States of America (“GAAP”) as applicable to governmental units. The Governmental Accounting Standards Board (“GASB”) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the more significant policies consistently applied in the preparation of financial statements.

#### Definition of Reporting Entity

The District was organized on December 13, 2016, as a quasi-municipal corporation established under the State of Colorado Special District Act. The District operates pursuant to a service plan approved by the Town of Castle Rock (the “Town”) on May 3, 2016 and as amended on July 17, 2018. (the “Service Plan”). The District was established to provide for the design, acquisition, construction, installation and operations and maintenance of a part or all of the public improvements for the use and benefit of the residents and property owners within the service area. The District is governed by an elected Board of Directors.

As required by GAAP, these financial statements present the activities of the District, which is legally separate and financially independent of other state and local governments. The District follows the GASB pronouncements, which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB sets forth the financial accountability of a governmental organization’s elected governing body as the basic criterion for including a possible component governmental organization in a primary government’s legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization’s governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency. The pronouncements also require including a possible component unit if it would be misleading to exclude it.

The District is not financially accountable for any other organization. The District has no component units as defined by the GASB.

The District has no employees and all operations and administrative functions are contracted.

#### Basis of Presentation

The accompanying financial statements are presented per GASB Statement No. 34 - Special Purpose Governments.

## Notes to Financial Statements December 31, 2022

The government-wide financial statements (i.e. the governmental funds balance sheet/statement of net position and the governmental funds statement of revenues, expenditures, and changes in fund balances/statement of activities) report information on all of the governmental activities of the District. The statement of net position reports all financial and capital resources of the District. The difference between the (a) assets and deferred outflows of resources and the (b) liabilities and deferred inflows of resources of the District is reported as net position. The statement of activities demonstrates the degree to which expenditures/expenses of the governmental funds are supported by general revenues. For the most part, the effect of interfund activity has been removed from these statements.

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Major individual governmental funds are reported as separate columns in the fund financial statements.

### Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are collected.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The material sources of revenue subject to accrual are property taxes and interest. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation is paid.

The District reports the following major governmental funds:

General Fund - The General Fund is the general operating fund of the District. It is used to account for all financial resources not accounted for and reported in another fund.

## HILLSIDE AT CASTLE ROCK METROPOLITAN DISTRICT

### Notes to Financial Statements December 31, 2022

Debt Service Fund – The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs.

Capital Projects Fund – The Capital Projects Fund is used to account for all financial resources that are restricted, committed or assigned to expenditures for capital outlays, including the acquisition or construction of capital facilities and other assets.

#### Budgetary Accounting

Budgets are adopted on a non-GAAP basis for the governmental funds. In accordance with the State Budget Law of Colorado, the District's Board of Directors holds public hearings in the fall of each year to approve the budget and appropriate the funds for the ensuing year. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated. The appropriation is at the total fund expenditures level and lapses at year end.

On November 8, 2022, the District amended its total appropriations in the Capital Projects Fund from \$0 to \$1,581,000 due to the transfer of debt service funds from bond proceeds and in the Debt Service Fund from \$0 to \$63,000 due to the issuance of the Series 2022A and Series 2022B Bonds.

The District's Debt Service Fund over-expended its appropriations by \$8,495, which may be a violation of State Budget Law.

#### Assets, Liabilities and Net Position

##### Fair Value of Financial Instruments

The District's financial instruments include cash and investments, accounts receivable and accounts payable. The District estimates that the fair value of all financial instruments at December 31, 2022, does not differ materially from the aggregate carrying values of its financial instruments recorded in the accompanying balance sheet. The carrying amount of these financial instruments approximates fair value because of the short maturity of these instruments.

##### Deposits and Investments

The District's cash and short-term investments with maturities of three months or less from the date of acquisition are considered to be cash on hand. Investments for the government are reported at net asset value.

## HILLSIDE AT CASTLE ROCK METROPOLITAN DISTRICT

### Notes to Financial Statements December 31, 2022

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a minimum number of bank accounts. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash.

#### Estimates

The preparation of these financial statements in conformity with GAAP requires District management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District does not have any items that qualify for reporting in this category.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has one item that qualifies for reporting in this category. Deferred property taxes are deferred and recognized as an inflow of resources in the period that the amounts become available.

#### Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April 30 or if in equal installments, at the taxpayers' election, in February and June. Delinquent taxpayers are notified in July or August and the sales of the resultant tax liens on delinquent properties are generally held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflows in the year they are levied and measurable since they are not normally available nor are they budgeted as a resource until the subsequent year. The deferred property taxes are recorded as revenue in the subsequent year when they are available or collected.

### Notes to Financial Statements December 31, 2022

#### Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities.

#### Fund Equity

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications make the nature and extent of the constraints placed on a government's fund balance more transparent:

#### Nonspendable Fund Balance

Nonspendable fund balance includes amounts that cannot be spent because they are either not spendable in form (such as inventory or prepaids) or are legally or contractually required to be maintained intact.

#### Restricted Fund Balance

The restricted fund balance includes amounts restricted for a specific purpose by external parties such as grantors, bondholders, constitutional provisions or enabling legislation.

The restricted fund balance in the Debt Service Fund in the amount of \$1,120,820 is restricted for the payment of the debt service costs associated with the Series 2022A and Series 2022B Bonds (see Note 3).

The restricted fund balance in the Capital Projects Fund in the amount of \$4,614,962 is restricted for the payment of the costs for capital improvements within the District.

#### Committed Fund Balance

The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by a formal action of the government's highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.

#### Assigned Fund Balance

Assigned fund balance includes amounts the District intends to use for a specific purpose. Intent can be expressed by the District's Board of Directors or by an official or body to which the Board of Directors delegates the authority.

#### Unassigned Fund Balance

Unassigned fund balance includes amounts that are available for any purpose. Positive amounts are reported only in the General Fund.

## Notes to Financial Statements December 31, 2022

### Net Position

Net Position represents the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources. The District reports three categories of net position, as follows:

Net investment in capital assets – consists of net capital assets, reduced by outstanding balances of any related debt obligations and deferred inflows of resources attributable to the acquisition, construction, or improvement of those assets and increased by balances of deferred outflows of resources related to those assets. As of December 31, 2022, the District had no amount to report in this category.

Restricted net position – net position is considered restricted if their use is constrained to a particular purpose. Restrictions are imposed by external organizations such as federal or state laws. Restricted net position is reduced by liabilities and deferred inflows of resources related to the restricted assets.

Unrestricted net position – consists of all other net position that does not meet the definition of the above two components and is available for general use by the District.

When an expense is incurred for purposes for which both restricted and unrestricted net position are available, the District will use the most restrictive net position first.

### Note 2: Cash and Investments

As of December 31, 2022, cash and investments are classified in the accompanying financial statements as follows:

#### Statement of Net Position:

|                                   |                     |

### Deposits

#### Custodial Credit Risk

The Colorado Public Deposit Protection Act, (“PDPA”) requires that all units of local government deposit cash in eligible public depositories. State regulators determine eligibility. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all

public funds. The pool is to be maintained by another institution or held in trust for all the uninsured public deposits as a group. The market value of the collateral must be at least equal to 102% of the aggregate uninsured deposits. The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

The District follows state statutes for deposits. None of the District's deposits were exposed to custodial credit risk.

#### Investments

Certain investments are measured at fair value within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The District's investment is not required to be categorized within the fair value hierarchy. This investment's value for COLOTRUST is calculated using the net asset value method (NAV) per share.

#### Credit Risk

The District has not adopted a formal investment policy; however the District follows state statutes regarding investments. Colorado statutes specify the types of investments meeting defined rating and risk criteria in which local governments may invest. These investments include obligations of the United States and certain U.S. Government agency entities, certain money market funds, guaranteed investment contracts, and local government investment pools.

#### Custodial and Concentration of Credit Risk

None of the District's investments are subject to custodial or concentration of credit risk.

#### Interest Rate Risk

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors.

As of December 31, 2022, the District had the following investment:

#### COLOTRUST

The local government investment pool, Colorado Local Government Liquid Asset Trust ("COLOTRUST") is rated AAAM by Standard & Poor's with a weighted average maturity of under 60 days. COLOTRUST is an investment trust/joint venture established for local government entities in Colorado to pool surplus funds. The State Securities Commissioner administers and enforces all State statutes governing COLOTRUST. COLOTRUST records its investments at fair value and the District records its investment in COLOTRUST using the net asset value method. COLOTRUST operates similarly to a money market fund with each share

maintaining a value of \$1.00. COLOTRUST offers shares in three portfolios, one of which is COLOTRUST PLUS+. COLOTRUST PLUS+ may invest in U.S. Treasuries, government agencies, the highest-rated commercial paper, certain corporate securities, certain money market funds, and certain repurchase agreements, and limits its investments to those allowed by State statutes. Purchases and redemptions are available daily at a net asset value (NAV) of \$1.00. A designated custodial bank provides safekeeping and depository services to COLOTRUST in connection with the direct investment and withdrawal function of COLOTRUST. The custodian's internal records identify the investments owned by participating governments. There are no unfunded commitments and there is no redemption notice period. At December 31, 2022, the District had \$5,735,782 invested in COLOTRUST, which was held in trust accounts with UMB Bank.

#### Note 3: Long Term Debt

A description of the long-term obligations as of December 31, 2022, is as follows:

##### \$5,070,000 Limited Tax General Obligation Bonds, Series 2022A and \$1,079,000 Subordinate Limited Tax General Obligation Bonds, Series 2022B

On September 20, 2022, the District issued \$5,070,000 Limited Tax General Obligation Bonds, Series 2022A ("Series 2022A Bonds") and \$1,079,000 Subordinate Limited Tax General Obligation Bonds, Series 2022B ("Series 2022B Bonds") for the purpose of funding and reimbursing a portion of the costs of acquiring, constructing and installing certain public improvements, paying capitalized interest on the Series 2022A Bonds, funding the Series 2022A Reserve Fund, and paying the cost of issuance of the Series 2022A and Series 2022B Bonds. The Series 2022A Bonds bear interest at the rate of 6.25%, payable semiannually on each June 1 and December 1, commencing on December 1, 2022. The Series 2022B Bonds bear interest at the rate of 9.000%, payable annually on December 15, commencing on December 15, 2022, to the extent that Subordinate Pledged Revenue is available. The Series 2022A Bonds are subject to a mandatory sinking fund redemption commencing on December 1, 2026 and are subject to redemption prior to maturity, at the option of the District, as a whole or in integral multiples of \$1,000, in any order of maturity and in whole or partial maturities, commencing on September 1, 2027, upon payment of par, accrued interest, and a redemption premium that ranges between 0% and 3%. The Series 2022B Bonds are subject to redemption prior to maturity, at the option of the District, as a whole or in integral multiples of \$1,000, in any order of maturity and in whole or partial maturities, commencing on September 1, 2027, upon payment of par, accrued interest, and a redemption premium that ranges between 0% and 3%.

## HILLSIDE AT CASTLE ROCK METROPOLITAN DISTRICT

### Notes to Financial Statements December 31, 2022

The Series 2022A Bonds are secured by the Senior Required Mill Levy, the portion of the Specific Ownership Tax which is collected as a result of the Senior Required Mill Levy, and any other legally available moneys as determined by the District. The Series 2022A Bonds are also secured by the Senior Reserve Fund, the capitalized interest, and the Surplus Fund which has not been funded. The Series 2022B Bonds are secured by the Subordinate Required Mill Levy, the portion of the Specific Ownership Tax which is collected as a result of the Subordinate Required Mill Levy and any other legally available moneys as determined by the District. In the event that any amount of the Series 2022A and Series 2022B Bonds remains unpaid on September 15, 2052, the Series 2022A and Series 2022B Bonds and the lien on the Series 2022A and Series 2022B Bonds securing payment shall be deemed discharged. Upon such discharge the Series 2022A and Series 2022B Bonds owners will have no recourse to the District of any amount of principal and interest remaining unpaid.

Events of Default as defined in the Series 2022A Bond Indenture are 1) the failure of the District to impose the Senior Required Mill levy, or to apply the Pledged Revenue as required by the Indenture, 2) the default by the District in the performance or observance of any other of the covenants, agreements, or conditions of the Indenture or the Bond Resolution, and failure to remedy the same after notice thereof pursuant to the Indenture and 3) the filing of a petition under the federal bankruptcy laws or other applicable laws seeking to adjust the obligations represented by the Bonds. Failure to pay the principal of or interest on the Series 2022A Bonds when due shall not, of itself, constitute an Event of Default under the Indenture. Remedies available in the Event of Default include 1) receivership, 2) suit for judgment, and 3) other suits. Acceleration of the Series 2022A Bonds is not an available remedy for an Event of Default.

Events of Default as defined in the Series 2022B Bond Indenture are 1) the failure of the District, to impose the Subordinate Required Mill levy, or to apply the Subordinate Pledged Revenue as required by the Indenture, 2) the default by the District in the performance or observance of any other of the covenants, agreements, or conditions of the Subordinate Indenture or the Subordinate Bond Resolution, and failure to remedy the same after notice thereof pursuant to the Indenture and 3) the filing of a petition under the federal bankruptcy laws or other applicable laws seeking to adjust the obligations represented by the Bonds. Failure to pay the principal of or interest on the Series 2022B Bonds when due shall not, of itself, constitute an Event of Default under the Indenture. Remedies available in the Event of Default include 1) receivership, 2) suit for judgment, and 3) other suits. Acceleration of the Series 2022B Bonds is not an available remedy for an Event of Default.

### Debt Authorization

On November 8, 2016, a majority of the qualified electors of the District authorized the issuance of indebtedness in the amount not to exceed \$38,500,000. Pursuant to the Service Plan, the District is permitted to issue bond indebtedness of up to \$6,441,000. As of December 31, 2022, the District did not have any remaining authority under the Service Plan. The District has not budgeted to issue new debt during 2023.

### Notes to Financial Statements December 31, 2022

#### Note 4: Other Agreements

##### Advance and Reimbursement Agreement for Operation and Maintenance Costs

The District and BLVD Hillside, LLC (the “Developer”) entered into an Advance and Reimbursement Agreement on November 5, 2021 (collectively, the “Operations Agreement”). Pursuant to the Operations Agreement, the Developer agrees to advance funds to the District for certain operation and maintenance expenses. The District agrees to repay these advances, together with accrued interest at the rate of 7% per annum. At December 31, 2022 there were no balances due under this agreement.

##### Infrastructure Acquisition Agreement

The District and the Developer entered into an Infrastructure Acquisition Agreement dated November 5, 2021. Pursuant to the Infrastructure Agreement, the Developer agrees to make advances to the District for the purpose of funding organization expenses, construction of public improvements and the acquisition of public improvements constructed by the Developer. The District agrees to repay these advances, together with accrued interest at a rate of 7% per annum. The Infrastructure Agreement is not a multiple fiscal year obligation. At December 31, 2022, there were no balances due under this agreement.

#### Note 5: Related Party

All of the Board of Directors are employees, owners or are otherwise associated with the Developer and may have conflicts of interest in dealing with the District. Management believes that all potential conflicts, if any, have been disclosed to the Board.

#### Note 6: Tax, Spending and Debt Limitations

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer Bill of Rights (“TABOR”), contains tax, spending, revenue and debt limitations which apply to the State of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year’s Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

## HILLSIDE AT CASTLE ROCK METROPOLITAN DISTRICT

### Notes to Financial Statements December 31, 2022

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits will require judicial interpretation.

On November 8, 2016, a majority of the District's electors authorized the District to collect and spend or retain in a reserve all currently levied taxes and fees of the District without regard to any limitations under Article X, Section 20 of the Colorado Constitution.

#### Note 7: Risk Management

Except as provided in the Colorado Governmental Immunity Act, 24-10-101, et seq., C.R.S., the District may be exposed to various risks of loss related to torts, theft of, damage to, or destruction of assets; errors or omissions; injuries to agents; and natural disasters. The District has elected to participate in the Colorado Special Districts Property and Liability Pool ("Pool") which is an organization created by intergovernmental agreement to provide common liability and casualty insurance coverage to its members at a cost that is considered economically appropriate. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for auto, public officials' liability, and property and general liability coverage. In the event aggregated losses incurred by the Pool exceed its amounts recoverable from reinsurance contracts and its accumulated reserves, the District may be called upon to make additional contributions to the Pool on the basis proportionate to other members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

#### Note 8: Reconciliation of Government-Wide Financial Statements and Fund Financial Statements

The Government Funds Balance Sheet/Statement of Net Position includes an adjustments column. The adjustments have the following elements:

- 1) Long-term liabilities such as bonds payable and accrued interest on bonds are not due and payable in the current period and, therefore, are not in the funds.

The Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances/Statement of Activities includes an adjustments column. The adjustments have the following elements:

- 1) Governmental funds report interest expense on the modified accrual basis; however, interest expense is reported on the full accrual method in the statement of activities; and,
- 2) governmental funds report bond proceeds as revenue; however, these are reported as changes to long-term liabilities on the government-wide financial statements.

District Counsel further reported that this is a special meeting of the Board of Directors of the District and that the notice of the meeting was posted within the boundaries of the District, and to the best of their knowledge, remains posted to the date of this meeting.

Thereupon, Director Foy introduced and moved the adoption of the following Resolution:

RESOLUTION

A RESOLUTION SUMMARIZING EXPENDITURES AND REVENUES FOR EACH FUND AND ADOPTING A BUDGET AND APPROPRIATING SUMS OF MONEY TO EACH FUND IN THE AMOUNTS AND FOR THE PURPOSES SET FORTH HEREIN FOR THE HILLSIDE AT CASTLE ROCK METROPOLITAN DISTRICT METROPOLITAN DISTRICT, TOWN OF CASTLE ROCK, COUNTY OF DOUGLAS, COLORADO, FOR THE CALENDAR YEAR BEGINNING ON THE FIRST DAY OF JANUARY 2024 AND ENDING ON THE LAST DAY OF DECEMBER 2024.

WHEREAS, the Board of Directors (the “Board”) of the Hillside at Castle Rock Metropolitan District (the “District”) has authorized its treasurer and legal counsel to prepare and submit a proposed budget to said governing body no later than October 15, 2023; and

WHEREAS, the proposed 2024 budget has been submitted to the Board for its consideration; and

WHEREAS, upon due and proper notice, posted in accordance with Colorado law and published on November 9, 2023, said proposed budget was open for inspection by the public at a designated place, a public hearing was held at 11:00 a.m. on Tuesday, November 14, 2023, and interested electors were given the opportunity to file or register any objections to said proposed budget; and

WHEREAS, the budget being adopted by the Board has been prepared based on the best information available to the Board regarding the effects of Article X, Section 20 of the Colorado Constitution; and

WHEREAS, whatever increases may have been made in the expenditures, increases were added to the revenues so that the budget remains in balance, as required by law.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE HILLSIDE AT CASTLE ROCK METROPOLITAN DISTRICT, DOUGLAS COUNTY, COLORADO, AS FOLLOWS:

Section 1.     Summary of 2024 Revenues and 2024 Expenditures. That the estimated revenues and expenditures for each fund for fiscal year 2024, as more specifically set forth in the budget attached hereto, are accepted, and approved.

Section 2. Adoption of Budget. That the budget as submitted, or as amended, and attached hereto and incorporated herein is approved and adopted as the budget of the District for fiscal year 2023.

Section 3. 2024 Levy of General Property Taxes. That the foregoing budget indicates that the amount of money necessary to balance the budget for the General Fund for operating expenses is \$19,425.00, and that the 2023 valuation for assessment, as certified by the Douglas County Assessor, is \$1,635,070.00. That for the purposes of meeting all general operating expenses of the District during the 2024 budget year, there is hereby levied a tax of 11.880 mills upon each dollar of the total valuation of assessment of all taxable property within the District for the year 2023.

Section 4. 2024 Levy of Debt Retirement Expenses. That the foregoing budget indicates that the amount of money necessary to balance the budget for the Debt Service Fund for debt retirement expense is \$97,128.00 and that the 2023 valuation for assessment, as certified by the Douglas County Assessor, is \$1,635,070.00. That for the purposes of meeting all debt retirement expenses of the District during the 2024 budget year, there is hereby levied a tax of 59.403 mills upon each dollar of the total valuation of assessment of all taxable property within the District for the year 2023.

Section 5. Certification to Board of County Commissioners. That the attorney, accountant, or manager for the District is hereby authorized and directed to certify to the Douglas County Board of County Commissioners, no later than December 15, 2023, the mill levies for the District hereinabove determined and set. That said certification shall be substantially in the same form as attached hereto and incorporated herein by this reference.

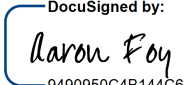

Section 6. Appropriations. That the amounts set forth as expenditures and balances remaining, as specifically allocated in the budget attached hereto, are hereby appropriated from the revenue of each fund to each fund, for the purposes stated and no other.

Section 7. Budget Certification. That the Budget shall be certified by the Secretary/Treasurer of the District and made a part of the public records of the District.

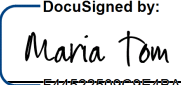

The foregoing Resolution was seconded by Director Tom.

RESOLUTION APPROVED AND ADOPTED ON NOVMEBER 14, 2023.

**CERTIFICATION OF TAX LEVIES for NON-SCHOOL Governments**

**TO The County Commissioners of Douglas County, Colorado  
On behalf of the Hillside at Castle Rock Metro District  
the Board of Directors  
of the Hillside at Castle Rock Metropolitan District**

**Hereby** officially certifies the following mills to be levied against the taxing entity's **GROSS** assessed valuation of: **\$1,635,070** Note: If the assessor certified a NET assessed valuation (AV) different than the GROSS AV due to a Tax Increment Financing (TIF) Area the tax levies must be calculated using the NET AV. The taxing entity 's total property tax revenue will be derived from the mill levy multiplied against the **NET** assessed valuation of: **\$1,635,070**

**HILLSIDE AT CASTLE ROCK METROPOLITAN DISTRICT**  
**2024**  
**BUDGET MESSAGE**

Attached please find a copy of the adopted 2024 budget for the Hillside at Castle Rock Metropolitan District.

The Hillside at Castle Rock Metropolitan District has adopted budgets for three separate funds, a General Fund to provide for general operating and maintenance expenditures; a Capital Projects Fund to provide for capital improvements to be built for the benefit of the district; and a Debt Service Fund to provide for payments on the proposed general obligation bonds.

The district's accountants have utilized the modified accrual basis of accounting, and the budget has been adopted after proper postings, publications and public hearing.

The primary source of revenue for the district in 2024 will be developer advances and property taxes. The district intends to impose a 71.283 mill levy on property within the district for 2024, of which 11.880 mills will be dedicated to the General Fund and the balance of 59.403 mills will be allocated to the Debt Service Fund.
