### Service Plan Requirements

1. A narrative summary of the progress of the District in implementing its Service Plan for the report year:

The development site was mostly inactive during the 2021 plan year due to the Corps of Engineers issuing a jurisdictional determination on the Green Acres Tributary (GAT) (which had previously been determined to be non-jurisdictional in 2012). In 2018/2019, the project team worked with the Town of Parker and Mile High Flood District (Mile High) to implement a new program (Cash in Lieu) that Mile High had developed in the previous year. This program allows the developer to enter into an “agreement regarding design, permitting, and construction of fee-in-lieu drainage and flood control improvements” with Mile High. This program transfers the responsibility of the applicant for design, permitting, and construction to the Town of Parker, the design and permitting to the regional drainage authority (Mile High), and the funding by the owner/developer. This provided a positive path forward with the Individual Permitting (IP) of the GAT through the Corps of Engineers. The project team has gone through a Conceptual design process with Mile High & the Town and have approved them to move forward with the Final Design Documents and permitting through the Corps. The schedule received approval of the IP in early fall of 2020. Upon receipt of the IP, the previously planned and approved infrastructure improvement proceeded and was completed in 2021.

During 2022, the GAT improvements were completed by the Town and the Mile High Flood District.

2. Except when exemption from audit has been granted for the report year under the Local Government Audit Law, the audited financial statements of the District for the report year including a statement of financial condition (i.e., balance sheet) as of December 31 of the report year and the statement of operations (i.e., revenues and expenditures) for the report year:

Attached hereto as **Exhibit B** is the District’s 2022 Audit.

3. Unless disclosed within a separate schedule to the financial statements, a summary of the capital expenditures incurred by the District in development of Public Improvements in the report year, as well as any Public Improvements proposed to be undertaken in the five (5) years following the report year:

Attached hereto as **Exhibit A** is the District’s 2023 Budget.

4. Unless disclosed within a separate schedule to the financial statements, a summary of the financial obligations of the District at the end of the report year, including the amount of outstanding Debt, the amount and terms of any new Debt issued in the report year, the amount of payment or retirement of existing Debt of the District in the report year, the total assessed valuation of all taxable properties within the District as of January 1 of the report year, and the current mill levy of the District pledged to Debt retirement in the report year:

The District issued the Bonds on November 2, 2020, in the par amounts of \$22,680,000 and \$16,475,000 for the Senior Bonds and the Subordinate Bonds, respectively. Additional details regarding the Bonds are available in the District's 2022 Audit, attached hereto as **Exhibit B**. The Assessed Value for 2022 was \$1,561,940. **BELFORD NORTH METROPOLITAN DISTRICT  
2023 BUDGET  
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

**Services Provided**

The District, a quasi-municipal corporation and a political subdivision of the State of Colorado, was formed by order and decree on June 13, 2018 in Douglas County, Colorado, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District operates under a Service Plan approved by the Town Council of the Town of Parker, Colorado. The District's service area is located in the Town of Parker, Douglas County, Colorado.

The District was established to provide financing for the design, acquisition, installation, construction and completion of public improvements and services, including water and sanitation service, street construction, installation of safety control devices, construction and maintenance of parks and recreation facilities, public transportation, fire protection, television relay and translation system, security services and mosquito control. All public infrastructure is to be owned and maintained by the Town of Parker or adjacent governmental entities.

On May 8, 2018, the District's electors authorized to increase taxes \$31,000,000 annually to pay the operations and administrative costs of the District, without limitation. Debt authorization was approved in the amount of \$310,000,000 for public improvements including streets, water, sanitary sewer, parks and recreation, traffic and safety, mosquito control, public transportation, security, fire protection, and television relay and translation. \$31,000,000 of debt was also authorized for the purpose of refunding debt, operations and maintenance, and intergovernmental agreements.

The First Amended and Restated Service Plan dated October 5, 2020, limits the total principal amount of obligations that the District may have outstanding in aggregate at any one time to \$56,700,000 provided that such limitation shall not be applicable to refunding bonds issued by the District to refund outstanding debt.

The Maximum Debt Mill Levy shall be the maximum mill levy the District is permitted to impose upon the taxable property within the District, and shall be determined as follows: For the portion of any aggregate District Debt which exceeds 50% of the District's assessed valuation, the Maximum Debt Mill Levy for such portion of Debt shall be 57.000 mills less the number of mills necessary to pay unlimited mill levy Debt, subject to the Mill Levy Adjustment.

If, on or after, October 5, 2020, there are changes in the method of calculating assessed valuation or any constitutionally mandated tax credit, cut or abatement, the mill levy may be increased or decreased to reflect such changes.

On October 16, 2020, the District entered into the Master Intergovernmental Agreement (MIGA) with Belford South Metropolitan District (South) in which the districts agree they may undertake on behalf of both districts the construction, acquisition, installation, financing, operations and maintenance of public improvements, and administrative costs necessary to serve the property within both District's service areas.

The District has no employees and all operations and administrative functions are contracted.

**BELFORD NORTH METROPOLITAN DISTRICT  
2023 BUDGET  
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

**Services Provided (continued)**

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

**Revenues**

**Property Taxes**

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

The calculation of the taxes levied is displayed on the Property Tax Summary page of the budget using the adopted mill levy imposed by the District.

Senate Bill 21-293 among other things, designates multi-family residential real property (defined generally, as property that is a multi-structure of four or more units) as a new subclass of residential real property. For tax collection year 2023, the assessment rate for single family residential property decreases to 6.95% from 7.15%. The rate for multifamily residential property, the newly created subclass, decreases to 6.80% from 7.15%. Agricultural and renewable energy production property decreases to 26.4% from 29.0%. Producing oil and gas remains at 87.5%. All other nonresidential property stays at 29%.

**Specific Ownership Taxes**

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 8% of the property taxes collected.

**Intergovernmental Revenues**

Pursuant to the MIGA, South will remit to the District the net property and specific ownership taxes collected based on South's annual tax collection. South will also remit all development fees collected for capital improvements to the District. These fees are pledged to the repayment of principal and interest on the bonds.

**BELFORD NORTH METROPOLITAN DISTRICT  
2023 BUDGET  
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

**Revenues (continued)**

**Developer Advance**

The District is in the development stage. As such, the operating and administrative expenditures will be mainly funded by the Developer. Developer advances are recorded as revenue for budget purposes with an obligation for future repayment when the District is financially able to reimburse the Developer from legally available revenue.

Interest earned on the District's available funds has been estimated based on historical interest earned.

**Expenditures**

**Administrative and Operating Expenditures**

Administrative and operating expenditures include the estimated services necessary to maintain the District's administrative viability such as legal, management, accounting, insurance, and meeting expense.

**Remittance to Town of Parker**

On October 5, 2020, the District entered into the First Amended and Restated Intergovernmental Agreement with the Town of Parker in which the District agrees to impose a property tax of 5 mills to be used for the planning, design and construction of the Regional infrastructure and 5 mills for the planning, design, construction and/or maintenance of the Town infrastructure. The amount collected will be remitted to Town of Parker.

**County Treasurer's Fees**

County Treasurer's fees have been computed at 1.5% of property tax collections.

**Debt Service**

Principal and interest payments are provided based on the debt amortization schedule from the Series 2020A Bonds and Series 2020B Bonds (discussed under Debt and Leases).

**Capital Outlay**

The District anticipates infrastructure improvements as noted in the Capital Projects fund.

Independent Auditor's Report

Opinions

We have audited the accompanying financial statements of the governmental activities and each major fund of Belford North Metropolitan District (the "District"), as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Belford North Metropolitan District as of December 31, 2022, and the respective changes in financial position and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

Exercise professional judgment and maintain professional skepticism throughout the audit.

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.

Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## Other Matters

### Required Supplemental Information

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinions on the basic financial statements are not affected by this missing information.

### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's financial statements as a whole. The supplementary information as listed in the table of contents is presented for the purposes of legal compliance and additional analysis and is not a required part of the financial statements. The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. In our opinion, such information is fairly stated in all material respects in relation to the financial statements as a whole.

### Other Information

The other information, as listed in the table of contents, has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES  
IN FUND BALANCES (DEFICITS) OF THE GOVERNMENTAL FUNDS  
TO THE STATEMENT OF ACTIVITIES  
YEAR ENDED DECEMBER 31, 2022**

Net Change in Fund Balances - Total Governmental Funds \$ (13,942,781)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. In the statement of activities, capital outlay is not reported as an expenditure. However, the statement of activities will report as depreciation/amortization expense the allocation of the cost of any depreciable asset over the estimated useful life of the asset.

Capital Outlay - Current Year 12,737,809

The issuance of long-term debt (e.g., Bonds, Loans, Developer advances) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds record the effect of premiums, discounts, and similar items when debt is first issued as expenditures, whereas these amounts are deferred and amortized in the statement of activities.

Developer Advances - Current Year (160,000)

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Accrued Interest on Developer Advance - Change in Liability (22,058)  
Accrued Interest on Debt - Change in Liability (1,038,195)

DECEMBER 31, 2022**

**NOTE 1 DEFINITION OF REPORTING ENTITY**

Belford North Metropolitan District (the District), a quasi-municipal corporation and a political subdivision of the state of Colorado, was organized by order and decree of the District Court for Douglas County on June 13, 2018, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District operates under a Service Plan approved by the Town Council of the Town of Parker, Colorado. The District's service area is located in the Town of Parker, Douglas County, Colorado. The District was established to provide financing for the design, acquisition, installation, construction, and completion of public improvements and services, including water and sanitation service, street construction, installation of safety control devices, construction and maintenance of parks and recreation facilities, public transportation, fire protection, television relay and translation system, security services, and mosquito control. All public infrastructure is to be owned and maintained by the Town of Parker or adjacent governmental entities. Under the First Amended and Restated Service Plan, approved October 5, 2020, the District was organized in conjunction Belford South Metropolitan District (BSMD). The District serves as the operating district for Belford South Metropolitan District.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements, which provide guidance for determining which governmental activities, organizations, and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens, and fiscal dependency.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

The District has no employees, and all operations and administrative functions are contracted.

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The more significant accounting policies of the District are described as follows:

**Government-Wide and Fund Financial Statements**

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. The effect of interfund activity has been removed from these statements. Governmental activities are normally supported by taxes and intergovernmental revenues.

The statement of net position reports all financial and capital resources of the District. The difference between the sum of assets and deferred outflows and the sum of liabilities and deferred inflows is reported as net position.

**BELFORD NORTH METROPOLITAN DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2022**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Government-Wide and Fund Financial Statements (Continued)**

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as general revenues.

Separate financial statements are provided for the governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

**Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes. All other revenue items are considered to be measurable and available only when cash is received by the District. The District has determined that Developer advances are not considered as revenue susceptible to accrual. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation due.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of the governmental funds.

The Capital Projects Fund is used to account for financial resources to be used for the acquisition and construction of capital equipment and facilities.

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Budgets**

In accordance with the Colorado Local Government Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures and other financing uses level and lapses at year-end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

The District amended its annual budget for the year ended December 31, 2022.

**Pooled Cash and Investments**

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash.

**Property Taxes**

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and, generally, sale of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflow of resources in the year they are levied and measurable. The unearned property tax revenues are recorded as revenue in the year they are available or collected.

**Deposits With Other Entities:**

Deposits with other entities represents cash surety deposits held with the Town of Parker for capital costs to be incurred related to projects within the boundary of the District. As surety balances are used toward projects, the related capital cost is recognized on the financial statements of the District.

**BELFORD NORTH METROPOLITAN DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2022**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Capital Assets**

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental activities columns in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable.

**Deferred Inflows of Resources**

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The District has one item that qualifies for reporting in this category. Accordingly, the item, *deferred property tax revenue*, is deferred and recognized as an inflow of resources in the period that the amount becomes available.

**Equity**

**Net Position**

For government-wide presentation purposes, when both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first, then unrestricted resources as they are needed.

**Fund Balance**

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

*Nonspendable Fund Balance* – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.

*Restricted Fund Balance* – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.

**BELFORD NORTH METROPOLITAN DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2022**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Equity (Continued)**

**Fund Balance (Continued)**

*Committed Fund Balance* – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government’s highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.

*Assigned Fund Balance* – The portion of fund balance that is constrained by the government’s intent to be used for specific purposes but is neither restricted nor committed. Intent is expressed by the Board of Directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.

*Unassigned Fund Balance* – The residual portion of fund balance that does not meet any of the criteria described above.

If more than one classification of fund balance is available for use when an expenditure is incurred, it is the District’s practice to use the most restrictive classification first.

**Restatement of Beginning Net Position**

The beginning net position of the governmental activities in the government-wide statement of net position has been restated to record a prior period adjustment to correct the District’s presentation of Deposits with Other Entities, that were related to sureties expensed in prior periods. The District expensed amounts that were deposited with other entities that should have been recorded to Deposits with Other Entities. A reconciliation of the prior period ending net position to the current year beginning net position for the Governmental Activities is as follows:

Beginning Net Position	\$ (2,755,558)
Adjustment to Correct Presentation of Deposits with Other Entities	<u>744,625</u>
Beginning Net Position, as Restated	<u><u>\$ (2,010,933)</u></u>

**Deficit**

The General Fund reported a deficit in the fund financial statements as of December 31, 2022. The deficit will be eliminated with the receipt of funds advanced by the Developer in 2023.

NOTES TO BASIC FINANCIAL STATEMENTS

**NOTE 3 CASH AND INVESTMENTS**

Cash and investments as of December 31, 2022, are classified in the accompanying financial statements as follows:

Statement of Net Position:

Cash and Investments	\$ 13,915
Cash and Investments - Restricted	<u>5,369,775</u>
Total Cash and Investments	<u><u>\$ 5,383,690</u></u>

Cash and investments as of December 31, 2022, consist of the following:

Deposits with Financial Institutions	\$ 420,071
Investments	<u>4,963,619</u>
Total Cash and Investments	<u><u>\$ 5,383,690</u></u>

**Deposits with Financial Institutions**

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2022, the District's cash deposits had a bank balance and carrying balance of \$420,071.

**Investments**

The District has adopted an investment policy by which it follows state statutes regarding investments.

The District generally limits its concentration of investments to those noted with an asterisk (\*) below, which are believed to have minimal credit risk, minimal interest rate risk, and no foreign currency risk. Additionally, the District is not subject to concentration risk or investment custodial risk disclosure requirements for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

The State Securities Commissioner administers and enforces all state statutes governing the Trust. The Trust currently offers three portfolios – COLOTRUST PRIME, COLOTRUST PLUS+, and COLOTRUST EDGE.

COLOTRUST PRIME and COLOTRUST PLUS+, which operate similarly to a money market fund and each share is equal in value to \$1.00, offer daily liquidity. Both portfolios may invest in U.S. Treasury securities and repurchase agreements collateralized by U.S. Treasury securities. COLOTRUST PLUS+ may also invest in certain obligations of U.S. government agencies, highest rated commercial paper, and any security allowed under CRS 24-75-601.

A designated custodial bank serves as custodian for the Trust's portfolios pursuant to a custodian agreement. The custodian acts as safekeeping agent for the Trust's investment portfolios and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by the Trust.

**NOTE 6 NET POSITION**

The District has net position consisting of two components – restricted and unrestricted.

Restricted net position includes assets that are restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District had a restricted net position as of December 31, 2022, as follows:

	Governmental Activities
Restricted Net Position:	
Emergency Reserves	\$ 100
Debt Service	494,355
Total Restricted Net Position	\$ 494,455

The District has a deficit in unrestricted net position. This deficit amount is a result of the District being responsible for the repayment of bonds issued for public improvements which were conveyed to other governmental entities and which costs were removed from the District's financial records.

**NOTE 7 RELATED PARTIES**

The primary developer of the land within the District is Compark South LLC (the Developer). All the members of the Board of Directors are officers or employees of, or otherwise associated with the Developer, and may have conflicts of interest in matters involving the District.

**Reimbursement Agreement (Operations)**

On July 17, 2018, the District and the prior Developer entered into a Reimbursement Agreement (Operations) to repay advances made by the Developer for operations and maintenance (O&M) costs. The District agreed to repay the Prior Developer for such O&M advances plus accrued interest at the rate of 8%. On August 11, 2020, the prior Developer assigned all rights and responsibilities of the OFAs to the Developer. As of December 31, 2022, outstanding advances under the agreement totaled \$352,644 and accrued interest totaled \$41,932.

**NOTE 8 ECONOMIC DEPENDENCY**

The District had not yet established a revenue base sufficient to pay operational expenditures. Until an independent revenue base is established, continuation of the operations in the District will be dependent upon funding by the Developers.

**NOTE 9 INTERGOVERNMENTAL AGREEMENTS**

**IGA Regarding Funding and Reimbursement of Public Improvement Costs –  
(Outfall Sewer and Water Line Bore)**

On August 20, 2020, the District entered into an IGA with Compark Business Campus Metropolitan District (CBC) and BSMD in order to facilitate the construction of the Outfall Sewer and Water Line Bore public improvement projects (Projects) needed to provide the District and BSMD with water and sanitary sewer services.

CBC will fund and complete the Projects with the understanding that the District and BSMD will reimburse CBC under the terms of the agreement. None of the amounts to be reimbursed will accrue interest. The Projects were completed in 2022. Pursuant to the Master Intergovernmental Agreement described below, the costs allocated to District and BSMD of \$2,366,278 were invoiced to the District in 2022. As of December 31, 2022 \$2,366,278 remains outstanding.

**Master Intergovernmental Agreement**

On October 20, 2020, the District and BSMD (the Districts) entered into a Master Intergovernmental Agreement (MIGA) for the purpose of establishing the respective obligations of the Districts with respect to the coordination, oversight, and funding of certain administrative costs of the Districts, and costs related to the continued operation and maintenance of certain of the Public Improvements within such Districts. Pursuant to the MIGA, The District was designated as the “operating district” (the Operating District). BSMD was designated as the “financing district” (the Financing District).

**Intergovernmental Agreements with the Town of Parker**

The District and BSMD have each entered into a separate intergovernmental agreement with the Town of Parker (collectively, the Town IGAs). The District entered into the First Amended and Restated Intergovernmental Agreement with the Town of Parker on October 5, 2020 which superseded and replaced the original Town IGA approved on December 2, 2019. The Town IGAs provide that the Districts impose the Infrastructure Capital Mill Levy (5.000) mills, subject to adjustment) and use the proceeds for Regional Infrastructure. The Town IGAs require that the proceeds of the Infrastructure Capital Mill Levy be paid by the Districts to the Town; however, the Districts are permitted to retain revenues from the Infrastructure Capital Mill Levy to the extent needed to pay debt service on obligations repayable in whole or in part from such mill levy (which includes the Bonds). The Town IGAs also provide that the Districts impose the Town Capital and Maintenance Mill Levy (5.000 mills, subject to adjustment) and use the proceeds for the planning, design, constructions, and/or maintenance of Town infrastructure. The Town IGAs require that the proceeds of the Infrastructure Capital Mill Levy be paid by the Districts to the Town.

**NOTE 10 RISK MANAGEMENT**

Except as provided in the Colorado Governmental Immunity Act, as may be amended, the District may be exposed to various risks of loss related to torts; thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God.

**BELFORD NORTH METROPOLITAN DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2022**

**NOTE 10 RISK MANAGEMENT (CONTINUED)**

The District is a member of the Colorado Special Districts Property and Liability Pool (the Pool). The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery, and workers' compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for liability, property, and public officials' liability coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

**NOTE 11 TAX, SPENDING, AND DEBT LIMITATIONS**

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue, and debt limitations that apply to the state of Colorado and all local governments

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

On May 5, 2018, a majority of the District's electors authorized the District to collect and spend or retain in a reserve all currently levied taxes and fees of the District without regard to any limitations under TABOR.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the Emergency Reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits will require judicial interpretation.

**NOTE 12 COMMITMENTS AND CONTINGENCIES**

**Construction Commitments**

As of December 31, 2022, the District had unexpended construction related contract commitments of approximately \$493,116.

Fee Resolution

**RESOLUTION OF THE BOARD OF DIRECTORS OF BELFORD NORTH  
METROPOLITAN DISTRICT  
REGARDING THE IMPOSITION OF DEVELOPMENT FEES AND NOTICE OF  
SYSTEM ACCESS FEES**

WHEREAS, the Board of Directors of the Belford North Metropolitan District finds:

A. Belford North Metropolitan District (the "District") is a quasi-municipal corporation and political subdivision of the State of Colorado.

B. The District was organized pursuant to its service plan approved by the Town of Parker on March 19, 2018 (the "Service Plan").

C. Pursuant to its Service Plan, the District is empowered to plan, design, acquire, construct, install, relocate, redevelop, and finance certain public improvements within and without the boundaries of the District (the "Improvements"), subject to the limitations set forth in the Service Plan.

D. The District is authorized pursuant to Section 32-1-1001(1)(j)(I), C.R.S., to fix fees and charges for services or facilities the District provides.

E. Pursuant to its Service Plan, the District is authorized to collect a one-time development or system development fee imposed by the District on a per unit (residential) or per SFE (non-residential) basis at or prior to the issuance of a certificate of occupancy for any unit or structure to assist with the planning and development of the Improvements (the "Development Fee(s)").

F. The District is authorized to utilize revenue from the Development Fee for costs associated with capital improvement costs and/or to pledge the same for the repayment of principal and interest on bonds.

G. The property currently within the boundaries of the District is described in Exhibit A, attached hereto and incorporated herein by this reference (the "Property"), which legal description may be amended from time to time, pursuant to the inclusion and/or exclusion of property into or from the District.

H. As set forth in the Service Plan, it is anticipated that property within the District will receive water and wastewater service from Stonegate Village Metropolitan District ("SVMD") and will be subject to a System Access Fee ("System Access Fee"), which System Access Fee has been established by and is payable to SVMD for water and wastewater system capital improvement costs.

I. This Resolution will be recorded on the Property in the public records of the Douglas County Clerk and Recorder to put property owners on notice of the imposition of the Development Fee by the District and the System Access Fees payable to SVMD.

NOW, THEREFORE, be it resolved by the Board of Directors of the Belford North Metropolitan District (the "Board") as follows:

1. The Board hereby finds, determines, and declares that it is in the best interests of the District, its inhabitants and taxpayers to exercise its power to impose a Development Fee on the Property.

2. The District hereby imposes the Development Fee on the Property to finance, plan, acquire, and construct the Improvements, and pay debt service.

3. The rate of the Development Fee shall be as follows:

(a) For each single-family detached or attached residential unit, the Development Fee shall be Twenty-Five Thousand Dollars (\$25,000);

(b) For each multi-family residential unit, the Development Fee shall be Twenty Thousand Dollars (\$20,000); and

(c) For uses other than a single-family or multi-family residential structure, the Development Fee shall be Twenty-Five Thousand Dollars (\$25,000) per single family equivalent (SFE) of water and/or wastewater demand.

4. The Development Fee with respect to any portion of the Property shall be due and payable prior to issuance of a certificate of occupancy for any applicable unit or structure.

5. The District can, in its discretion, increase the Development Fee by up to the Consumer Price Index for Denver-Boulder, all items, all urban consumers (or its successor index for any years for which the Consumer Price Index is not available) each year thereafter commencing January 1, 2019.

6. Any unpaid Development Fee(s) shall constitute a statutory and perpetual charge and lien upon the applicable structure or unit pursuant to Section 32-1-1001(1)(j), C.R.S., from the date the same becomes due and payable until the date the Development Fee(s) is/are paid. The lien shall be perpetual in nature on the applicable structure or unit and shall run with the land, as defined by the laws of the State of Colorado. Such lien may be foreclosed by the District in the same manner as provided by the laws of the State of Colorado for the foreclosure of mechanics' liens. This Resolution shall be recorded in the real property records of the Clerk and Recorder of Douglas County, Colorado.

7. Failure to make payment of the Development Fee(s) due hereunder shall constitute a default in the payment of such Development Fee(s). Upon a default, interest shall accrue on the delinquent Development Fee(s) from the date due at the simple rate of eighteen percent (18%) per annum until paid. The District shall be entitled to enforce such remedies and

collection proceedings as may be authorized under Colorado law including, but not limited to, foreclosure of its perpetual lien. The defaulting property owner shall pay all costs, including attorneys' fees, incurred by the District in connection with the foregoing. In foreclosing its lien, the District will enforce the lien only to the extent necessary to collect the delinquent Development Fee(s) and costs.

8. Judicial invalidation of any of the provisions of this Resolution or of any paragraph, sentence, clause, phrase or word herein, or the application thereof in any given circumstances, shall not affect the validity of the remainder of this Resolution, unless such invalidation would act to destroy the intent or essence of this Resolution.

9. The Development Fee set forth herein is hereby approved and adopted by Resolution of the Board of Directors of the Belford North Metropolitan District effective as of the 25th day of February, 2020.
