

**CASTLE OAKS METROPOLITAN DISTRICT
TOWN OF CASTLE ROCK, COLORADO**

2016 ANNUAL REPORT

Pursuant to the Amended and Restated Service Plan for Castle Oaks Metropolitan District (the "District"), the District is required to submit an annual report to the Town of Castle Rock, Colorado (the "Town") which reflects activity and financial events of the District through the preceding December 31 (the "report year") and includes the following:

For the year ending December 31, 2016, the District makes the following report:

A. A narrative summary of the progress of the District in implementing its service plan for the report year.

The District has previously constructed and financed a large portion of the infrastructure necessary to serve the property within its boundaries. The construction of additional public infrastructure by the District has not been necessary.

B. Except when an exemption from audit has been granted for the report year under the Local Government Audit Law, the audited financial statements of the District for the report year including a statement of financial condition (i.e. balance sheet) as of December 31 of the report year and the statement of operations (i.e. revenues and expenditures) for the report year.

A copy of the audit for the District for the year ending December 31, 2016 is attached hereto as **Exhibit A**.

C. Unless disclosed within a separate schedule to the financial statements, a summary of the capital expenditures incurred by the District in development of public facilities in the report year, as well as any capital improvements or projects proposed to be undertaken in the five (5) years following the report year.

There were no capital expenditures in 2016 and there are no planned improvements scheduled for the District in the next 5 years.

D. Unless disclosed within a separate schedule to the financial statements, a summary of the financial obligations of the District at the end of the report year, including the amount of outstanding indebtedness, the amount and terms of any new District indebtedness or long-term obligations issued in the report year, the amount of payment or retirement of existing indebtedness or long-term obligations issued in the report year, the total assessed valuation of all taxable properties within the District as of January 1 of the report year, and the current mill levy of the District pledged to debt retirement in the report year.

A summary of the financial obligations of the District can be found in the 2017 budget attached hereto as **Exhibit B**.

E. The District's budget for the calendar year in which the annual report is submitted.

A copy of the District's 2017 budget is attached hereto as **Exhibit B**.

F. A summary of residential and commercial development that has occurred within the District for the report year.

108 residential lots were developed in 2016, based on the amount of system development fees received.

No Commercial development occurred in 2016.

G. A summary of all fees, charges and assessments imposed by the District as of January 1 of the report year.

The District imposes a facilities development fee on the property within the District in the amount of \$3,465 on each Single Family Equivalent.

H. Certification of the Boards that no action, event, or condition of Section 11.02.060 (Material Modification of Service Plan) has occurred in the report year.

The Certificate is attached as **Exhibit C**.

I. The names, business addresses and phone numbers of all members of the Board and its chief administrative officer and general counsel, together with the date, place and time of the regular meetings of the board.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Castle Oaks Metropolitan District
Douglas County, Colorado

We have audited the accompanying financial statements of the governmental activities and each major fund of Castle Oaks Metropolitan District (the District) as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Castle Oaks Metropolitan District, as of December 31, 2016, and the respective changes in financial position thereof, and the budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

I

Barnes Griggs & Associates, PC

Other Matters

Required Supplementary Information

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statement in an appropriate operation, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information as listed in the table of contents is presented for purposes of legal compliance and additional analysis and is not a required part of the basic financial statements. The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**CASTLE OAKS METROPOLITAN DISTRICT
RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES AND CHANGES IN FUND BALANCES OF
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
Year Ended December 31, 2016**

Amounts reported for governmental activities in the statement of activities are different because:

Net changes in fund balances - Total governmental funds	\$	128,582
---	----	---------

Long-term debt (e.g., loans, Developer advances) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. The net effect of these differences in the treatment of long-term debt and related items is as follows:

Principal payment		215,000
Amortization - cost of refunding		(268,284)

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Accrued interest on debt - Change in liability		(22,197)
--	--	----------

Change in net position of governmental activities	\$	<u>53,101</u>
---	----	---------------

These financial statements should be read only in connection with
the accompanying notes to financial statements.

the accompanying notes to financial statements.

CASTLE OAKS METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2016

NOTE 1 - DEFINITION OF REPORTING ENTITY

Castle Oaks Metropolitan District (the District), a quasi-municipal corporation and a political subdivision of the State of Colorado, was organized by court order and decree of the District Court for the County of Douglas on January 9, 2001 and is governed pursuant to the provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District is located within the Town of Castle Rock, Colorado.

The District was established to provide financing for the operations and maintenance and design, acquisition, installation, construction, and completion of public improvements and services, including water, sanitation/storm sewer, streets, park and recreation, mosquito control, safety protection, television relay and translation, and security.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

The District has no employees and all operations and administrative functions are contracted.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The more significant accounting policies of the District are described as follows:

Government-wide and Fund Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. The effect of interfund activity has been removed from these statements. Governmental activities are normally supported by taxes and intergovernmental revenues.

The statement of net position reports all financial and capital resources of the District. The difference between the sum of assets and deferred outflows and the sum of liabilities and deferred inflows is reported as net position.

CASTLE OAKS METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Redemption of bonds is recorded as a reduction in liabilities.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes and specific ownership taxes. All other revenue items are considered to be measurable and available only when cash is received by the District. The District determined that Developer advances are not considered as revenue susceptible to accrual. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation is due.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term debt of the governmental funds.

**CASTLE OAKS METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2016**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Budgets

In accordance with the State Budget Law of Colorado, the District's Board of Directors holds public hearings in the fall of each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures and other financing uses level and lapses at year end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

Pooled Cash and Investments

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash.

Investments are carried at fair value.

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as a deferred inflow of resources in the year they are levied and measurable. The deferred property tax revenues are recorded as revenue in the year they are available or collected.

CASTLE OAKS METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Bond Issue Costs

In the fund financial statements, governmental fund types recognize bond issuance costs during the current period. The face amount of debt issued is reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures.

Amortization

Cost of Refunding

In the government-wide financial statements, the deferred cost of refunding is being amortized using the interest method. The amortization amount is a component of interest expense, and the unamortized deferred costs are reflected as a deferred outflow of resources.

Deferred Inflow/Outflow of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. The government only has one item that qualifies for reporting in this category, cost of bond refunding.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The government has only one type of item, which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, *deferred property tax revenue*, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

Equity

Net Position

For government-wide presentation purposes when both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first, then unrestricted resources as they are needed.

CASTLE OAKS METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fund Balance

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

- *Nonspendable fund balance* – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.
- *Restricted fund balance* – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.
- *Committed fund balance* – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.
- *Assigned fund balance* – The portion of fund balance that is constrained by the government's intent to be used for specific purposes, but is neither restricted nor committed. Intent is expressed by the Board of Directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.
- *Unassigned fund balance* – The residual portion of fund balance that does not meet any of the criteria described above.

If more than one classification of fund balance is available for use when an expenditure is incurred, it is the District's practice to use the most restrictive classification first.

**CASTLE OAKS METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2016**

NOTE 3 - CASH AND INVESTMENTS

Cash and investments as of December 31, 2016, are classified in the accompanying financial statements as follows:

Statement of net position:

Cash and investments	\$ 51,120
Cash and investments - Restricted	1,040,284
Total Cash and investments	<u>\$ 1,091,404</u>

Cash and investments as of December 31, 2016, consisted of the following:

Cash deposits with financial institutions	\$ 859,068
Investments	232,336
Total Cash and investments	<u>\$ 1,091,404</u>

Deposits with Financial Institutions

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2016, the District's cash deposits had a bank balance of \$859,545 and a carrying balance of \$859,068.

Investments

The District has not adopted a formal investment policy; however, the District follows state statutes regarding investments.

The District generally limits its concentration of investments to those noted with an asterisk (*) below, which are believed to have minimal credit risk, minimal interest rate risk and no foreign currency risk. Additionally, the District is not subject to concentration risk or investment custodial risk disclosure requirements for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

**CASTLE OAKS METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2016**

NOTE 3 - CASH AND INVESTMENTS (CONTINUED)

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States, certain U.S. government agency securities and securities of the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Certain certificates of participation
- . Certain securities lending agreements
- . Bankers' acceptances of certain banks
- . Commercial paper
- . Written repurchase agreements and certain reverse repurchase agreements collateralized by certain authorized securities
- . Certain money market funds
- . Guaranteed investment contracts
- * Local government investment pools

Fair Value Measurement and Application

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. Investments not measured at fair value and not categorized include governmental money market funds (PFM Funds Governmental Select series); money market funds (generally held by Bank Trust Departments in their role as paying agent or trustee); and CSAFE which record their investments at amortized cost.

The District had invested in COLOTRUST, an external investment pool that records its investments at fair value and measures fair value using Level 2 inputs.

As of December 31, 2016, the District had the following investments:

Investment	Maturity	Fair Value
Colorado Local Government Liquid Asset Trust (COLOTRUST)	Weighted average under 60 days	\$ 232,336
		<u>\$ 232,336</u>

**CASTLE OAKS METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2016**

NOTE 3 - CASH AND INVESTMENTS (CONTINUED)

COLOTRUST

The District invested in the Colorado Local Government Liquid Asset Trust (COLOTRUST) (the Trust), an investment vehicle established for local government entities in Colorado to pool surplus funds. The State Securities Commissioner administers and enforces all State statutes governing the Trust. The Trust operates similarly to a money market fund and each share is equal in value to \$1.00. The Trust offers shares in two portfolios, COLOTRUST PRIME and COLOTRUST PLUS+. Both portfolios may invest in U.S. Treasury securities and repurchase agreements collateralized by U.S. Treasury securities. COLOTRUST PLUS+ may also invest in certain obligations of U.S. government agencies, highest rated commercial paper and any security allowed under CRS 24-75-601. A designated custodial bank serves as custodian for the Trust's portfolios pursuant to a custodian agreement. The custodian acts as safekeeping agent for the Trust's investment portfolios and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by the Trust. COLOTRUST is rated AAAM by Standard & Poor's.

NOTE 4 - LONG-TERM OBLIGATIONS

The following is an analysis of changes in long-term obligations for the year ended December 31, 2016:

	<u>Balance at December 31, 2015</u>	<u>Additions</u>	<u>Retirement of Long-Term Obligations</u>	<u>Balance at December 31, 2016</u>	<u>Due Within One Year</u>
Refunding Loan - Series 2015A	\$ 7,850,000	\$ -	\$ 90,000	\$ 7,760,000	\$ 150,000
Refunding Loan - Series 2015B	10,975,000	-	125,000	10,850,000	250,000
	<u>\$ 18,825,000</u>	<u>\$ -</u>	<u>\$ 215,000</u>	<u>\$ 18,610,000</u>	<u>\$ 400,000</u>

Loan Agreement

The District entered into a Loan Agreement with Compass Mortgage Corporation dated December 11, 2015, in the amount of \$18,825,000 for the purpose of refunding the Series 2012 bonds and repaying developer advances. The Loan consists of a taxable portion, convertible to tax-exempt, (Series 2015A) in the amount of \$7,850,000 and a nontaxable portion (Series 2015B) in the amount of \$10,975,000. Principal payments are due December 1 and interest payments are due June 1 and December 1 in varying amounts through December 1, 2022 with an interest rate of 4.93% on the taxable portion and an interest rate of 3.21% on the nontaxable portion. The Loan is subject to mandatory redemption beginning December 1, 2016. The Loan may not be prepaid in whole or in part prior to December 11, 2018. The Loan may be prepaid in whole or, subject to the consent of the Lender, in part, on December 11, 2018, or on any date thereafter, at the option of the District and after ten (10) days prior written notice to the Lender of such prepayment, upon payment of par and accrued interest to the date of prepayment, without prepayment fees, premiums, or penalties.

**CASTLE OAKS METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2016**

NOTE 4 - LONG-TERM OBLIGATIONS (CONTINUED)

The District is required to impose a mill levy that will be sufficient to produce the amount necessary to pay the principal of and interest on the Loan when due, to pay any Contingent Interest then due and owing, and to fund the Reserve Fund to the Reserve Requirement, but not in excess of 50 mills; provided however, in the event the method of calculating assessed valuation is or was changed after the date of approval of the original Service Plan (September 28, 2000), the mill levy limitations provided herein will be increased or decreased to reflect such changes, such increases or decreases to be determined by the Board in good faith (such determination to be binding and final) so that to the extent possible, the actual tax revenues generated by the mill levy, as adjusted, are neither diminished nor enhanced as a result of such change. For purposes of the foregoing, a change in the ratio of actual valuation to assessed valuation shall be deemed to be a change in the method of calculating assessed valuation. The District hereby determines that, pursuant to the above formula and based on changes since September 28, 2000, as of the Closing Date the foregoing mill levy of 50 mills has adjusted upwards to 61.1809 mills. The District has pledged the required mill levy, the portion of the specific ownership taxes allocable to the amount of the required mill levy; and any other legally available moneys which the Board determines in its sole discretion to apply as pledged revenue.

The District's long-term obligations will mature as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2017	\$ 400,000	\$ 698,968	\$ 1,098,968
2018	540,000	584,541	1,124,541
2019	600,000	567,206	1,167,206
2020	620,000	547,947	1,167,947
2021	635,000	528,046	1,163,046
2022	15,815,000	507,661	16,322,661
	<u>\$ 18,610,000</u>	<u>\$ 3,434,369</u>	<u>\$ 22,044,369</u>

Debt Authorization

On November 7, 2000, District voters authorized the District to issue \$250,750,000 of general obligation bonds or other financial obligations for the infrastructure development, parks and recreation, performance of intergovernmental agreements, formation of a regional water authority, refinancing of district debt, and other uses. However, the District's Service Plan limits its general obligation debt to \$25,000,000 which does not include debt authorization utilized for refunding. The District has issued \$18,825,000 under the Service Plan limit.

Subsequent to year end the residential assessment rate was changed from 7.96% to 7.2%. Based upon the May 2017 preliminary assessed valuations, the service plan limit of 50 mills may be adjusted to 67.638 mills. The final adjusted mill levy will be based upon final assessed value for budget year 2018.

**CASTLE OAKS METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2016**

NOTE 5 - NET POSITION

The District has net position consisting of two components – restricted and unrestricted.

The restricted component of net position consists of assets that are restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District had a restricted net position as of December 31, 2016, as follows:

	Governmental Activities
Restricted net position:	
Emergencies	\$ 2,800
Debt service	235,720
	\$ 238,520

The District has a deficit in unrestricted net position. This deficit amount is a result of the District being responsible for the repayment of bonds issued for public improvements, which will be conveyed or were conveyed to other governmental entities.

NOTE 6 - AGREEMENTS

Intergovernmental Agreement

On October 28, 2002, as amended September 2, 2003, the District entered into an agreement with the Town of Castle Rock (the Town) whereby the District will finance and construct public improvements which are necessary to provide municipal services within the District’s Boundaries as set forth in the Service Plan. Upon completion of the improvements, the District is required to convey the improvements to the Town. Upon acceptance, the Town is responsible for operation, maintenance, and repair of such improvements. The District imposes a development fee on property within its boundaries which equals the water and sewer fee of the Town plus a facility fee (Development Fee) to the District. Pursuant to the Agreement, the District retains the Town’s water and sewer fee. The District is also permitted to impose ad valorem property taxes, rates, fees, or other revenue as set forth in the Service Plan.

Development Fee Agreement

On September 25, 2005, the District entered into a Development Fee Agreement with Autumn Sage Development, Ltd., (the “Former Developer”). The Former Developer guaranteed to fund any shortfall in Facility Development Fees up to \$1,680,179 with respect to property within the District owned by the Former Developer. The shortfall amounts were to be calculated semiannually as of April 15th and October 15th and are to be paid each May 1st and November 1st commencing 2006 through 2009. The amount of \$145,530 for the 2009 payment was still owed to the District as of December 31, 2013. In 2014, the SLV Castle Oaks, LLC, (the “Developer”), authorized the use of current facility fee payments received and subsequently forwarded to the Developer to meet this obligation. Therefore there are no other amounts owed from the Former Developer per this agreement.

CASTLE OAKS METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2016

NOTE 6 – AGREEMENTS (CONTINUED)

The Resolution of the Castle Oaks Metropolitan District Regarding the Imposition of Facilities/Development Fees, as amended, imposes a lien on the property in the District for the collection of the fees at the time of building permit. The Developer has prepaid all fees; therefore, fees collected are forwarded to the Developer for reimbursement.

NOTE 7 - RELATED PARTIES

Certain members of the Board of Directors are employees, owners or are otherwise associated with the Developer and may have conflicts of interest with respect to certain transactions which come before the Board.

NOTE 8 - INTERFUND TRANSFER

During the year ended December 31, 2016, the District transferred \$82 from the Debt Service fund to the General fund to reimburse for previously incurred costs.

NOTE 9 - RISK MANAGEMENT

Except as provided in the Colorado Governmental Immunity Act, §24-10-101, et seq., C.R.S., the District may be exposed to various risks of loss related to torts; thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (Pool). The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery and workers compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for liability, property and public officials' liability coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

CASTLE OAKS METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2016

NOTE 10 - TAX, SPENDING AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, referred to as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations which apply to the State of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the Emergency Reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

On November 7, 2000, the District's voters authorized the District to increase annual taxes \$500,000 annually without limitation of rate. This election question allowed the District to collect and spend the additional revenue without regard to any spending, revenue raising, or other limitations contained within TABOR.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits, will require judicial interpretation.

This information is an integral part of the accompanying financial statements.

Accountant's Compilation Report

Board of Directors
Castle Oaks Metropolitan District
Douglas County, Colorado

Management is responsible for the accompanying budget of revenues, expenditures, and fund balances of Castle Oaks Metropolitan District for the year ending December 31, 2017, including the estimate of comparative information for the year ending December 31, 2016, and the actual comparative information for the year ending December 31, 2015. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. A compilation is limited to presenting, in the form prescribed by CRS 29-1-105, information that is the representation of management. We did not audit or review the budget nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the accompanying budget.

We draw attention to the summary of significant assumptions which describe that the budget is presented in accordance with the requirements of C.R.S. 29-1-105, and is not intended to be a presentation in accordance with accounting principles generally accepted in the United States of America.

We are not independent with respect to Castle Oaks Metropolitan District.

**CASTLE OAKS METROPOLITAN DISTRICT
2017 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Services Provided

The District, a quasi-municipal corporation and a political subdivision of the State of Colorado, was organized by court order and decree of the District Court for the County of Douglas on January 2, 2001, and is governed pursuant to the provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District is located within the Town of Castle Rock, Colorado.

The District was established to provide financing for the operations and maintenance and design, acquisition, installation, construction, and completion of public improvements and services, including water, sanitation/storm sewer, streets, park and recreation, transportation, mosquito control, safety protection, television relay and translation, and security.

On November 7, 2000, District voters authorized the District to issue \$250,750,000 of general obligation bonds or other financial obligations for the infrastructure development, parks and recreation, performance of intergovernmental agreements, formation of a regional water authority, refinancing of district debt, and other uses. However, the District's Service Plan limits its general obligation debt to \$25,000,000.

The District has no employees and all administrative functions are contracted.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105.

Revenues

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

For collection year 2017, the District adopted a mill levy of 4.000 for operations and 46.000 for debt service. The calculation is reflected on page 3 of the Budget.

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 9% of the property taxes collected.

**CASTLE OAKS METROPOLITAN DISTRICT
2017 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Revenues - (continued)

Net Investment Income

Interest earned on the District's available funds has been estimated based on average interest rates of approximately 0.50%.

Expenditures

Administrative Expenditures

Administrative expenditures include the services necessary to maintain the administrative viability such as legal, accounting, insurance, and other administrative expenses of the District.

County Treasurer's Fees

County Treasurer's fees have been computed at 1.5% of property tax collections.

Debt Service

Principal and interest payments are provided based on the debt amortization schedule from the Series 2015 Loan (discussed under Debt and Leases).

Debt and Leases

Loan Agreement

The District entered into a Loan Agreement with BBVA Compass Bank dated December 11, 2015, in the amount of \$18,825,000 for the purpose of refunding the Series 2012 bonds and repaying developer advances. The Loan consists of a taxable portion, convertible to tax-exempt, (Series 2015A) in the amount of \$7,850,000 and a nontaxable portion (Series 2015B) in the amount of \$10,975,000. Principal and interest payments are due June 1 and December 1 in varying amounts through December 1, 2022, with an interest rate 4.93% on the taxable portion and an interest rate of 3.21% on the nontaxable portion.

The District is required to impose a mill levy that will be sufficient to produce the amount necessary to pay the principal of and interest on the Loan when due, to pay any Contingent Interest then due and owing, and to fund the Reserve Fund to the Reserve Requirement, but not in excess of 50 mills; provided however, in the event the method of calculating assessed valuation is or was changed after the date of approval of the original Service Plan (September 28, 2000), the mill levy limitations provided herein will be increased or decreased to reflect such changes, such increases or decreases to be determined by the Board in good faith (such determination to be binding and final) so that to the extent possible, the actual tax revenues generated by the mill levy, as adjusted, are neither diminished nor enhanced as a result of such change. For purposes of the foregoing, a change in the ratio of actual valuation to assessed valuation shall be deemed to be a change in the method of calculating assessed valuation. The District hereby determines that, pursuant to the above formula and based on changes since September 28, 2000, as of the Closing Date the foregoing mill levy of 50 mills has adjusted upwards to 61.1809

**CASTLE OAKS METROPOLITAN DISTRICT
2017 BUDGET

Debt and Leases – (continued)

mills. The District has pledged the required mill levy, the portion of the specific ownership taxes allocable to the amount of the required mill levy; and any other legally available moneys which the Board determines in its sole discretion to apply as pledged revenue.

The District has no operating or capital leases.

Reserve Funds

Emergency Reserve

The District has provided for an Emergency Reserve equal to at least 3% of the fiscal year spending for 2017, as defined under TABOR.

Debt Service Reserves

The District maintains a Debt Service Reserve as required with the issuance of the Series 2015 Loans.

This information is an integral part of the accompanying budget.
