RE: **Castle Pines North Metropolitan District**
Annual Map Filing - §32-1-306, C.R.S.

To the Above Listed Parties:

Pursuant to § 32-1-306, C.R.S., special districts are required to provide a current, accurate map of the District boundaries to the Division of Local Government, the County Clerk and Recorder, and the County Assessor on or before January 1 of each year.

The Castle Pines North Metropolitan District, Douglas County, did have an inclusion during the 2019 calendar year. However, the inclusion occurred within the current boundaries of the District. Therefore, the district boundary map presently on file with the Division, the Douglas County Clerk and Recorder, and the Douglas County Assessor is current and accurate.

Should you have further questions or need additional information, please contact our office.

Sincerely,

SETER & VANDER WALL, P.C.
